Customer Reviews

We are planning a trip in November to Disney World. This book was very helpful in making last minute changes to fastpass reservations, and things we need to pack for our trip. We are no taking little children with us. This is an adult only trip for my husband and I. It would be helpful if there was a section devoted to just adult activities or suggestions, or a separate book if possible. However, all the information contained was helpful and I Can't wait to put some of the suggestions to use on our trip.

a fun read

This book had a lot of useful tips that I'll take with me to Disney World. I read a couple other books as well that seemed to be information overload. This book was just right. Perfect tips without a ton of reading.

A very very good book. I have gone to Disney twice in the past couple years and planning another trip. There was a lot of good and helpful tips fr our next visit. Can't wait for the next been book!!!!

I read the kindle edition of this book each morning before we hit Disney to refresh my memory abouttips for the day, short cuts, things to avoid, etc. About twice a day, ait really came in handy. Since wewere there four days, I had all four parks to read about and restaurants. too.

I was very excited to see all the great camera tips for taking better pictures. Also, there were some great park tips that I will be putting to use soon and I have been to WDW 7 times! This book is short but sweet, a great resource for a 1st timer or a Disneyholic.

I love ALL THINGS DISNEY and this is a great book for anyone who goes to WDW.

Really helpful book! Easy and fast read. Truly appreciate the time and effort!! Will be using quite a few of these tips on our trip.
