Book by Kaplan

My overachieving, super busy daughter didn't have time to study for the ACT in depth. But that's what she'd been doing in her high school classes for the last 4 years. She just needed some quick tips on how to take the test, manage her time during the test, and get a few more points on the ACT to boost her college standings. This book if perfect for that. And I'm sure if she had time to really study, it would have helped her even more.
