Synopsis

Reader-friendly and engaging, SMALL ANIMAL CARE AND MANAGEMENT, Fourth Edition, offers a comprehensive guide to the care and husbandry of small animals. Through a logical flow of information, it introduces you to the basics of the small animal industry, including the history, safety concerns and care and welfare of these animals before diving into the specifics of each, with chapters covering dogs, cats, reptiles, birds, fish and exotic species. Full-color photos and illustrations visually depict various breeds and their characteristics, anatomy, handling techniques, housing and other care concerns to facilitate learning, while activities and additional resources offer the opportunity for application and further study.

My name is Austin webster. I use this book in my small animal management class and let me tell you this is a hard one to put down. The kids certainly enjoy it to! They get a big kick when I pull out a secret pop Quiz. I hope this review helps your decision making when it comes to picking out a good small animal information book. The price is anything but high. I would spend 2 grand on this book because the information you getting out of this is worth millions. Thank you for your time and god bless ffa
