Synopsis

Palm Reading - Entertain and Amuse with These "Handy" BasicsPalm reading. Is what you hear about reading palms really true?Can you actually tell something about a person by simply looking at their palm? If so, don’t you think they’d be impressed and excited about learning more? Well, palmistry (as some call it) has become quite a science and is no longer just relegated to the dark sÃƒÂ©ance rooms of the local gypsy palm reader. As with most things, palm reading can be quite in-depth on the one hand (no pun intended) but on the other hand - it doesn’t really have to be. Just by knowing a few things you can tell if a person is enjoying life, if he is a thinker or a doer, if he is emotional, or how he interacts with others. All these things can be determined by just looking at the four main lines on the person’s hand - the Heart Line, Head Line, Fate Line or Life Line.Now there are some things you can’t tell when reading a palm, like, if a black cat will cross his path, or if he is going to have a string of bad luck, or when he is going to die, or if he will win the lottery. These are just far fetched untruths passed down through time and are examples of statements that give palm reading such a bad name.Palm reading actually fits into a larger category - hand reading. There is much you can tell about a person just by looking at their overall hand. One example is the shape of their palm and the length of their fingers. Just the other day the author noticed the two beautiful hands of two actresses on TV. Their long fingers and oblong palm indicated they had, what is called, a Water Hand. This is a hand with an oblong palm shape and long fingers. People who are sensitive, creative, emotional and imaginative have this type of hand. In other words, actresses.To learn more about these basics, please get this palm reading made easy book entitled - Palm Reading - Entertain and Amuse with These "Handy" BasicsTable of Contents How To Use This Book To Be The Life of the PartyA Short History of Palm ReadingHand ReadingHand DifferencesHand ShapeFinger LengthThe Earth HandThe Air HandThe Fire Hand.The Water Hand.The MountsMarkingsTimingsThe Major LinesÃ Â Ã Â Life LineÃ Â Ã Â Head LineÃ Â Ã Â Heart LineÃ Â Ã Â Fate LineLife LineÃ Â Ã Â How To Find It Or Where It IsÃ Â Ã Â MeaningÃ Â Ã Â Reading the LineFate LineÃ Â Ã Â How To Find It Or Where It IsÃ Â Ã Â MeaningÃ Â Ã Â Reading the LineHead LineÃ Â Ã Â How To Find It Or Where It IsÃ Â Ã Â MeaningÃ Â Ã Â Reading the LineHeart LineÃ Â Ã Â How To Find It Or Where It IsÃ Â Ã Â MeaningÃ Â Ã Â Reading the LineMajor and Minor LinesGoing Forward

Customer Reviews

I thought this book was a commercial for all the rest of the authors books. while the subject of palm reading is covered in this book, I found the authors use of "that’s all you need to know for now" a bit condescending. while the author has other titles available that sound interesting, i’m not sure I would buy them if the author is basically telling me what they think I should know about a subject. its a quick read and does give the very basics on palm reading.

Good book and easy to understand.

something to play with. a fun thing to look at, It is pure entertainment. Lots of fun to show others.

It was pretty boring it had to much info for me but if u enjoy reading about history and stuff u u would like it

This book was very interesting! I have always wondered about palm reading but have never really found a book that only goes into the basics. This is great! It doesn’t over complicate it and is very

easy to understand. I was able to read my palm and my husband's. I can't wait to try this out on our friends and see how accurate it really is.

Palm Reading - Entertain and Amuse with These Handy Basics is one of several installments in the How to Be the Life of The Party series by Joshua Minute. While this book will in no way turn the reader into a skilled palm reader - nor does it claim to be able to accomplish that goal - it does provide some interesting basics and tricks. With attention to detail and a little bit of practice, almost anyone should be able to use the tools in this book as a tool to overcome shyness or break the ice at a social event.I received this book from the author in exchange for a review and found it to be a fun and quick read with easy to apply hints and tools.

I thought this was a neat and interesting e-book. I downloaded it on the free giveaway the other day, and enjoyed the content and details provided on palm reading.While this book won't teach you to make a living as a fortune teller, you will be able to talk to people about palm reading and the ideas and concepts behind it.
