Synopsis

The more lines they cross, the deeper they getÃ¢â ¬Â¦Top cadet Lana Marsden lives by the rules. The most important rule of all: no messing around with an officer. She learned that one the hard way. Now her only desire is to survive the grueling DEEP Training program and leave that scandalous past behind.When she reports to Station Six amid wild rumors of erotic hazing rituals and sadomasochistic games, sheÃ¢â ¬â„¢s not prepared for any of the rumors to be trueÃ¢â ¬â •or for her insatiable attraction to Sergeant Ã¢â ¬Å“CatchÃ¢â ¬Â• Durant, her tattooed rebel of a trainer.One touch from Catch, and Lana knows sheÃ¢â ¬â„¢s in trouble. One night of white-hot ecstasy, and the rules melt away...A cadet with a secret.An officer with a secret kink.A whole lot of rules to be broken.DEEP is the first full-length novel in the DEEP Series. Contains hot men in uniform, a violated Code of Conduct, and ice cream. Intended for adult readers, 18+.

Customer Reviews

I am not a space geek but wholly Frak this was a really surprising and great romantic read with erotic scenes and emotional power plays between the two main characters.This is the first romance novel I have read that is set in space so to speak, I admit I did get a little bogged down at the start with all the descriptions of the station and how the whole centre is set up and the cadet program but then we moved onto the central characters and it blew me away.We jumped time throughout parts of the story and this was mainly for the training programme which for me made sense as from about third of the way through we then get to the real power games in relation to Catch and Lana.Lana and Catch, what a combination of intimacy but on a level that had such depth of emotion, those last few chapters will break your heart in two and the ending had me wanting to reach and grab book two to take me back to Deep Space.Lana had me in tears and her inner strength in following her dream was inspiring and I loved how her brother was there finally when she needed him. Lana and First have some deep rooted family issues and it was interesting to see their relationship evolve during this first book. I wanted to get inside of LanaÃƒÂ¢Ã â ¬Ã â„¢s brother's mine, his sexual needs and I hope we get more of him in the next installment and his relationships on the station.Catch is such a twisted man and the way these scenes are written with the sexual build up and also what transpires between Catch and First and their friendship was brilliant.This was an exciting read for me from a new author - well done to Jaine Diamond.

DEEP is Jaine's debut novel and I thought she did a great job. The setting made the story unique, and made the background of the couple's story more interesting and forbidden...Lana has a lot to prove when she enters Station Six. She is a trainee on the same hub as her older brother and hero Adam AKA First. She has worked hard for the last five years since she was sent to training by her parents at the age of sixteen. She doesn't want special treatment because of Adam, she wants to prove that she can make it through the DEEP program on her own. She wants to go into deep space, it's her dream and she won't let anyone tell her she can't do it. She is determined to make it through the next quarter of training without distraction. She knows if she keeps up with her routine, discipline, and not breaking her own rules she will make her dream come true. That was until she stepped into Station Six and met her CO, Catch...Catch knew his best friend's sister was going to be reporting to his unit. Echo Unit. First asked him to watch over his sister, and not to let anyone f-with her or f- her. He assumed this would be an easy task since he was in charge of the "nerd unit", he wasn't attracted to the type that come through it. There was also a very strict conduct rule...No Fraternizing with trainees. What he didn't see coming was that the minute he saw her, he wanted her. One thing he knew for sure was he would definitely be watching Lana but it wasn't for all of the

same reasons he made that promise to First. He was screwed...Catch and Lana both feel the pull. And after the first touch, it was torture. Catch made Lana want to break her own rules. Lana made Catch want to tear up the rules of conduct. It was hard to be so close to one another during training but even harder after hours. They broke. They couldn't take it but it could cost them both so much. His command. His best friend. Her dreams. Her brother. Is it worth it?I loved that Catch saw Lana's strength and just wanted to keep building it up. Even when at times, it made her feel weak. Lana is very determined, intelligent, and strong. But even the strong have their weaknesses. They will both figure that out. Their relationship is not hearts and flowers, it's darker. Still could be called beautiful but with some added kink. I liked the characters but I wasn't all that connected to them until more than halfway through so that is why the four stars. By the end I was there and that makes me excited about the next book. I think I will feel the connection more with book two.Overall, it was a great debut. It has its moments when I was hot and bothered along with the moments when I wanted to slap them. I also enjoyed the secondary characters. Hope to see them in the next book as well.Quotes:ÃƒÂ¢Ã â ¬Ã Å“Outside training, IÃƒÂ¢Ã â ¬Ã â„¢m not your commander unless you want me to be.ÃƒÂ¢Ã â ¬Ã Â•ÃƒÂ¢Ã â ¬Ã Å“Compasses are overrated, sweetie. Wherever youÃƒÂ¢Ã â ¬Ã â„¢re going, wherever you are, thatÃƒÂ¢Ã â ¬Ã â„¢s where you need to be. You just need to trust yourself a little.ÃƒÂ¢Ã â ¬Ã Â•May I?

This book was not at all what I had expected. I'm not entirely sure what erotica sub genre this book would go under "futuristic", maybe? It's not quiet dystopian but sort of has that feeling. The story in general is good but it's pure erotica romance. Catch and lana's story is intense, scorching hot, and slightly D/s. Beyond the sex though their relationship is infuriating, they lack good communication and they both need to learn to trust more.The writing is great and the story beyond the sex and steam is interesting. I devoured the whole thing in one day. This is book one to a series and even though it ends on a slight cliffhanger it's not gutting. I look forward to more from Catch and lana, but I wish for maybe a little bit of something from Adam and Scarlet.If you into pure erotica books, that are super steamy and angsty this is the series for you. I really recommend this new author her debut is amazing and will not disappoint.
