Synopsis

Bren wondered, but not for long, why his normally cheerful, easy-going life had suddenly begun to seem hopelessly complicated. He was learning to run the lights for his schoolÃ¢â ¬â„¢s production of Macbeth, but that was fun, and so was almost everything about his first serious relationshipÃ¢â ¬â •everything except the fact that he couldnÃ¢â ¬â„¢t bring his girl friend home. Bren had never really minded living with three witches, but now he did. How could he explain that his beautiful mother spent hours casting spells in her bat-haunted tower room while his grandmother told fortunes to paying customers in the living room and their housekeeper raised black chickens in the garden apartment for uses it was best not to contemplate? His father, after getting up in the morning to find a baby bat in his shoe and a python in his shirt drawerÃ¢â ¬â •the culmination of a long series of such eventsÃ¢â ¬â •had exchanged the spacious old house for a simple, brick box on the East side.To make matters worse, Bren learned that Erika, his girl, had been cast as First Witch in Macbeth, so now he felt himself to be wallowing in witches. She was also not one to take no for an answer and soon bent an agile mind to unraveling the mystery of BrenÃ¢â ¬â„¢s family. When on opening night only Erika saw three figures outlined in blue fire at the balcony rail, the amazing technical effects that followed were explained, if only to her.Ã¢â ¬Å“One of the most intelligently funny young-adult fantasies to come out in yearsÃ¢â ¬Â¦Ã¢â ¬Â•Ã¢â ¬â •2/LOCUS May 1991Ã¢â ¬Å“The combination of first romance and magic is a dynamic one, and Gilmore nimbly carries off the blend with wit and grace.Ã¢â ¬Â•Ã¢â ¬â •Booklist, starred review

Customer Reviews

This is a great book as long as you aren’t reading for accurate information, but it IS the most accurate portrayal of witches that I’ve seen in any work of fiction. Though real witches probably could not create the special effects of the play-within-the-book (I don’t know; I’ve never tried), everything else is fairly well-done and the main character’s mother is portrayed as being "normal except that she’s a witch."The story is entertaining, but don’t go through the book looking for things the author did wrong; you’ll find a few and you won’t enjoy the story.

Enter three witches Bren isn’t your normal high school kid; he lives with four witches. Bren meets Erika, a new student from Philadelphia while working on a student production of Macbeth. Together they help battle Bren’s father’s new witch girlfriend, Alia. It’s so interesting to look at how modern witches live in New York. The writing is good, a very unique style. I would recommend Enter Three Witches for young adults.

I loved this book because it portrayed modern witches and the fact that they are just normal people of a diferent religon with familys to suport. The actual magic they did was inaccurate but someone who doesn’t know much about witch-craft would find it informative. Once again, I love this book.

This book was about three wicthes that enter this house with kids and one of the witches ask’s this kid if she is pretty, but the kid doesn’t belive that so, the witch keeps asking him and he says that she isn’t like other witches she is more like from movies or a fantasy story. I think she is really pretty and they became good friends the other two witches they are more ugly only one was pretty. I liked this book!

I read this book for my school,FLC. I thought the book was ok. It just couldn’t keep me reading. It was interesting at some parts. I thought it could have been better. Maybe it’s just my need for action or mystery but I think it could have been better.

This was an amazing book that tells it like it is. It truly described love, home life, and theatre in a way no other book has. I loved how the characters each had their own unique personality. You really feel for the characters and I want things to turn out well for them. This is the perfect book for any one who wants to read a creative, romantic, inspiring, novel
