Synopsis

Discover the nooks and crannies of the renowned City of Light with the updated Green Guide Paris. Its famed star-rating system of attractions, maps, illustrations and walking tours ensure you don't miss a thing, from iconic sites like the Eiffel Tower to browsing among riverside stalls of old books, to a Friday night roller-blade rally through city streets. From flea markets to fine dining, whatever your budget, the guideÃ¢â ¬â„¢s features and recommended restaurants, accommodations and activities help you uncover all that Paris has to offer.

Customer Reviews

This is a very comprehensive guide and I am glad that I purchased it. It gives you an idea of how long it takes to visit a museum and prioritizes what you should see depending how much time you have. It sorts restaurants and hotels by district and rates them for cost and quality. I has good maps of the districts of Paris and the points of interest, hotels, shopping, and restaurants indicated. I would recommend this for anyone planning a first time trip to the city.

I have used Michelin Green Guides for many trips in Europe over the past several decades, because I particularly like their format and approach. Better than most other guidebooks, they group points of interest by location (such as the "quartiers" in Paris) and by theme, such as the arts, architecture and cultural activities. For each sight and location, they provide a bit of history that renders the visit more meaningful. They also provide excellent advice on how to design walking tours that give you the most rewarding experiences for the time you have available. Finally, I find

their maps and illustrations to be really practical as well as visually compelling. All of this is particularly true for Michelin's Paris Green Guide. I highly recommend it.

Tiny maps. Written for the under-educated. Tell Michelin to return to the old Green Guide format of the 60s-90s!

I have bought this guide before each trip to Paris. This copy I bought for a friend who was going to Paris. She was very enthusiastic about both the guide and the supplementary laminated map of the Paris (which is sold separately).

Still a fact filled guide to Paris. I prefer the older versions as they were more inclusive of the sights and offered maps of overall Paris walking 'tours' and skipped the hotel and restaurant suggestions which were available in much greater detail in the Red Guides to Paris.

Bravo! Formidable!

Excellent intro to Paris for those who have never been- excellent reminder for those who have but need a refresher and have limited time. Useful tours and detailed info for a week or two.Loved it.

Excellent guide. I will bye it again and certainly recommend it to friends.
