Synopsis

The Imperials have devised a cunning new method of destroying Rebel worlds. Captain Leo Blake is largely responsible for both our survival and our current predicament. He and his crew are infamous among the stars. As a result, when ships of an unknown configuration begin flowing out of swirling rifts above Earth, Blake is called upon again to deal with the problem.But the approaching fleet isnÃ¢â ¬â„¢t what it seems. TheyÃ¢â ¬â„¢re employing an entirely new way to exterminate Rebels. They will accept nothing less than conquering EarthÃ¢â ¬â •or better yet, destroying all life on our planet.Alpha Fleet is the third book in the Rebel Fleet series.

Customer Reviews

This series just got better and better. I'm crushed that I've finished this story arc and now must wait for more. I've never thought of myself as a fan of anything, but I must be as I've read everything BV Larson had written. I guess it's s good thing summer is almost over as I'm out of summer reading. Thank you Mr Larson for another great series.

Good third book in this series. I only gave four stars because of a lot of short cuts that didn't make a lot of sense like Earth leadership falling for the Nomads' tricks without blinking an eye and the whole

mess with the turtle species that really didn't track well. I hope the fifth book is better thought out and wraps things up a bit.

Interesting syfy book with believable science, if not stretched a bit, and lots of plot twist and turns. It would be interesting to get more of an earth population view of this series.

BV has done it again. Another thriller with backstopping and political intrigue great dialogue a fun read. Please keep the books coming. Worth every penny. A great series.

This book was as well written as the other two in the series. If you like a little humor with your non stop science fiction, then this is your book and series!

Anyone who gives this series less than 5 stars isn't paying attention. It is outstandingly well written, and loads of fun. I, for one, want more.Semper fi

A good addition to the story line. Very glad Larson is continuing the series.

Another great read by B.V. Larson. Follows the current storyline of the series. I would suggest you begin with the first book in the series.
