Synopsis

An illustrated version of the cumulative folk song in which the solution proves worse than the predicament when an old lady swallows a fly. Some pages are die-cut, permitting a portion of the next illustration to be seen.

Customer Reviews

The first Child's Play book, this title is part of an extremely well-known series that have been best sellers in our line since they were first published. -- From the publisher --This text refers to an out of print or unavailable edition of this title.

Got the stuffed toy to go with and the grandkids loved it. My younger granddaughter wouldn't put the book down and I ended up giving it to her instead of keeping it at grandma's house.

And this is one of them! A favorite of mine forever. I get caught up in the sequence and tempo every time I read it.

Great Fun Story for Parent & Child!! My kids still remember it & I got it for my Grandson

I love this book and was elated when my niece told me it's her favorite book. She'll be getting this along with the related doll and items the old lady swallowed for her birthday.

Kids loved seeing the unique way the animals where displayed in the pictures.

I was disappointed in this book when I received it. The overall condition was not like new as stated, I would not even rate it as good, The cover was wrinkled, and was obviously very used. Plus several of the pages were repeated and it seemed that perhaps some pages were missing. I realize this flaw was most likely a publishing error, but should have been revealed. I purchase books to read and record them for my granddaughter, I will not be giving her this book.

Great quality and always a fav!

Such an adorable book. You can't tell by the picture, but there is a hole in the middle of the book (great for those with sensory issues) that gives clues of the next page. Some of the writing is also circular. Illustrations are fun and colorful. This is a very fun book to read and we have spent quite a bit of time reading and rereading it! Good buy when you buy used! My experience with used books has been great - none of the books I ordered used have been marked on or torn. This make terrific buys!
