Synopsis

From the popular YouTube tastemaker Eva Gutowski comes a unique lifestyle and advice book on the ups and downs of life in her hilarious and earnest voice. What's up, guys? It's me, Eva! You may know me from my YouTube channel, MyLifeasEva. If that's the case, then you might also know that I have a munchkin cat named Paris, a weird obsession with patterned sock collecting, and the tendency to say "holy schnitzel!" at all the wrong moments. Like...embarrassing moments. I'm so lucky to have my fans - over seven million besties and counting! It has been amazing to meet so many of you since I started making videos. Growing up, books were what got me through life - a lot of the good times and the really, really bad times. And no matter how challenging life got, I promised myself that I would get through it, in hopes that someday I'd have chances to help people who need that one piece of great advice at just the right time. So here's a book by me, totally for you. I'll tell you a ton of my secrets, a lot of fail stories, and how I made it through - and you can, too! Think of my book like a best friend you can turn to at any time. Xo Eva.

Customer Reviews

So happy I got this almost halfway thru the book .

BEST BOOK EVER! But I did have a little black smudge on the book cover but I didn't mind probably just it got scraped or something.

Favorite book i have ever read

Really recommend any teen to read who is going through a rough time, even if they don't watch Eva. She writes about her high school years all the way to her college years. Its like laughing and crying with her while she tells you her whole life story. Not to mention the pictures are just adorable. There's advice that is actually helpful, from someone who actually knows what they're talking about. Best book I've read in a while.

just started reading and I already love it, this seems like it's going to help me get through life haha

Great book!

Nice book for teenagers, my daughter was happy after receiving this book. I do recommend this for the kids who don't like to read.

The book is great but the one I received was a little dirty.
