Lal Hardy is the proprietor of legendary New Wave Tattoo in London, which he has operated since 1979. He has been tattooist to a roll-call of rock stars and movie actors. He lives in London, England.

I appreciate the attempt to get exposure for tattoo artists, but the binding of the book gave out after one flip through, making it hard to justify buying any other similar titles. Also, while majority of the artists were great, there were quite a few I was very surprised to see, as their work seems to do nothing but show examples of future cover ups. I love to try out any and all tattoo publications, and while this one is worth the price, we can do a better showing for the industry.

This book is awesome. Showcasing different artists' work and giving them a small bio is great to understand their work and where they came from. Great gift for an aspiring tattoo artist to get inspiration from.

Great book with interesting tattoos in it. I enjoyed reading it, was worth what I paid for it.

Loved the variety

A Beautiful Book. I like the rich color pictures, and the in-depth text. The Case Art on the Cover is Excellent. These is a Nice Addition to any Collection. 5 Stars.

Excellent book, but as other reviews stated book started to fall apart at the binding, must have used cheap glue, (quick fix before pages start coming out peel cover back take hot glue gun and glue it back). But overall the book is fantastic.

Bought this book for a friend, recvd on time, brand new, he loved the book.

Gave as a gift and it was well received!
