"This is a great book for someone who is new to bonsai or needs to be exposed to the art."

Ã¢â ¬â œ ofBonsai Magazine

The book has a lot of cool tips. However it has too many pictures. It could use more details rather than a few sentences per picture.

It’s a beginners book and I am a beginner but found it did not have enough detail to suit my needs.

I have checked out Harry Tomlinson’s other book from the library. The bigger book goes into more detail than this one; but, this one is still a nice little basic bonsai book. If you are looking for a bonsai how-to book, you may want to look at the bigger book; although, it’s not a how-to book as it is a reference book.

A must have to learn about Bonsai. I should have read this before buying my first Bonsai.

Great for the starter. Will get you on your way to more advanced Bonsai.

Holy crap! This book is TINY. Like 20 pages or so but it is PACKED with information.

SO NEED THIS IN ORDER TO SUCCESSFULLY GROW A BONSAI TREE.

Great information to help me care for my bonsai tree.
