Synopsis

This lively collage of excerpts from German periodicals shows a culture at its decadent peak before the Nazi suppression. As an homage to the sexually liberated women of pre-Nazi Germany, color and black-and-white full-page graphics, photographs, and advertisements are featured. Also included are color pictorials, erotic cartoons, advice for lesbians, aphrodisiac recipes, naughty parlor games, and sexy bedtime stories.

Book Information

Paperback: 110 pages

Publisher: Feral House; first edition (October 1, 2002)

Customer Reviews

(S)plendid ... treasure trove of artwork from when the twenties truly roared ... tremendous beauty and style... These HOT GIRLS do sizzle. -- Dr. Susan Block, Block Books...evokes an era when sexual orientation was a laughing matter and cruel boots were not. -- Playboy, February 2003A truly impressive and highly readable/viewable book containing precious pieces of queer social history. -- Darklady, Just Out, 12/6/02Fascinating snapshots and artworks of the women of that incredible time and place... Delicious, decadent and delightful. -- Harry Eugene Baldwin, Frontiers, 2/28/03

This is a fun read, though personally I could have wished for something a little more in depth. Scholarly, perhaps? Anything about Weimar Berlin attracts me, but maybe a little less sensationalism and more insight would be in order for this book.

Very well documented subject matter of sexual exploits of women and some men during the Weimar

period of Germany.

Erotic books are a blessing. They need to be loved. Hitler hated decadence. Nations which hate sex are usually war mongering nations.

I was heartily disappointed with this book because the cover gives the illusion that it is full of photographs. It does have pictures but they are mostly drawings or paintings. I wanted photographs of real people of the time. I paid too much money to be so disappointed. I would recommend by voluptuous panic instead, which is less expensive and has tons of interesting PHOTOGRAPHS.

If you're a fan of erotica of the German Weimar era, you'll love this book. However, if it's your first step into this world, I'd recommend you to start with 'Voluptuous Panic: The Erotic World of Weimar Berlin' by Mel Gordon. It's a superior book, both pictures and information covers far more, and it's actually the inspiration to 'The Hot Girls of Weimar Berlin.' Also, I probably wouldn't be too cynical if I assumed that the publisher, Feral House, wanted to cash in on the success of Mel Gordon's book. Anyway, The Hot Girls of Weimar Berlin, is a great compliment to Voluptuous Panic, and gives you more pictures and drawings of erotic nature from various sources of that time, of which I enjoyed all of. It's a great reminder of a decadence and sexual revolution that was swept away by the sexual repressive neurotic (among other things) nazi thugs.I bough the kindle version of this book and must say that my expectations were exceeded on how well this kind of book worked in electronic form.

...and salacious, naughty fun for the whole family. Deeply, nay, wildly! engrossing and informative. HOT GIRLS is perhaps the strongest extant photoliterary argument for why a fascist regime of self-loathing power bottoms supplanted the commie vaginafest of the Weimar era.

It strikes me as particularly interesting that at this point in time Weimar Berlin is the subject of so much romanticizing of this era under the guise of "sexual freedom". Most of the reason for the so-called "sexual freedom" that this book seems to celebrate, had more to do with the devaluation of the German mark (worth less than toilet paper) which forced many people into selling their bodies, or the bodies of their children for a price. This is the real reason that Berlin was a city filled with prostitution and vice. The people were suffering, and the cabaret of licentiousness was merely just a distorted mask worn to hide this suffering. Try to remember that sad fact when you read these popular new books. If sexual freedom means utter debauchery, and the absence of human

compassion, you can count me out, as unfashionable as that is apparently.

The Hot Girls of Weimar Berlin is a dreamy collection of mesmerizing images that give the reader a most privileged sneak peak into a lost world of feminine sexual liberation and splendour. Who knew such a place in time existed? I applaud Feral House and Barbara Ulrich for keeping forgotten worlds like these alive. This book frees the imprisoned spirit.
