Synopsis

The Story of the Goblins Who Stole a Sexton: Charles Dickens, like many Victorian writers, loved to write supernatural stories during the Christmas season. The most famous, of course, is A Christmas Carol, but there were many other such stories including, Number One Branch Line: The Signalman, The Trial for Murder, and The Story of the Goblins Who Stole a Sexton. This particular story has many parallels to A Christmas Carol but also has many unique feathers. The Story of the Bagman's Uncle: Although best known for such long novels as Our Mutual Friend and The Old Curiosity Shop, Charles Dickens also wrote many wonderful short stories with both a supernatural and a humorous twist. This is one of his best.

Arguably one of the greatest writers of the Victorian era, Charles Dickens is the author of such literary masterpieces as A Tale of Two Cities (1859), A Christmas Carol (1843), David Copperfield (1850), and The Adventures of Oliver Twist (1839), among many others. Dickens' s indelible characters and timeless stories continue to resonate with readers around the world more than 130 years after his death. Dickens was born in 1812 and died in 1870.

Charles Dickens has never been marched as an entertaining author.

long but excellent

Four masterpieces, but just a small sample of the writing of the prolific and endlessly creative Charles Dickens. His novels probably painted a more definitive picture of Victorian London than the work of any other writer. He created more memorable, brilliantly named characters than anyone except Shakespeare ÃƒÂ¢Ã â ¬Ã â œ and they live on in our minds long after we have read the books.Good to have an excellently chosen set like this on oneÃƒÂ¢Ã â ¬Ã â„¢s Kindle, well-formatted and enhanced by beautiful original illustrations.

Charles Dickens is a fantastic storyteller, and these novels are brought to life by their original illustrations, good to see what they'd have looked like back in the day. good value too!
