Synopsis

An introduction to the world of Dr. SeussÃ¢â ¬â •for babies and babies-to-be! Ã Â Artfully adapted almost entirely from Ted GeiselÃ¢â ¬â„¢s work, this introduction to the world of Dr. Seuss is a must for expectant parents and new babies! In simple rhymed verse, author Tish Rabe extolls the joys awaiting newborns when they meet the Cat in the Hat, Horton the Elephant, Yertle the Turtle, the Great Birthday Bird, the Grinch, and twenty-five other beloved Seuss characters. Written to be read aloud to babies and babies-to-be (yes, babies in utero!), the book includes a brief introduction by Mrs. Dr. SeussÃ¢â ¬â •Audrey GeiselÃ¢â ¬â •revealing how she and Ted were fascinated by the idea that babies could hear sounds while still in the wombÃ¢â ¬â •and might actually respond to the voices of their parents. A perfect gift for baby showers and newborns, Oh, Baby, the Places You'll Go! is the ideal way to nurture a love of reading and Dr. Seuss in the very youngest children!

A charming gift for expectant parents, Oh Baby, the Places You'll Go is designed to be an in utero introduction to the wonderful world of Dr. Seuss. Adapted from his works, and touching on them all from Horton to Who-ville, author Tish Rabe has maintained Seuss's style perfectly. Your baby is the unnamed star of the book, and reading directly to your tummy becomes easy with lines like "the

words I am saying you hear in your heart, and know that I wish you the very best start." Filled with the good doctor’s whimsical illustrations, you’ll find all your favorite characters, with a short rhyme that mentions each one--and just enough direct quotations to get those infants stimulated when you read Seuss’s whole books to them at a later date. --Jill Lightner --This text refers to an out of print or unavailable edition of this title.

Exciting new discoveries are being made all the time about how much learning takes place while a baby is still in its mother’s womb, and Oh, Baby, the Places You’ll Go! makes the perfect welcome! It’s never too early to start them on a rich and healthy regimen of good ol’ Dr. Seuss.Ã Â Ã Â --This text refers to an out of print or unavailable edition of this title.

I created a video because I couldn’t find a lot of photos or videos on it, and for some reason I knew this was a ’mini’ book, but not as small as it actually was. You’ll see in my video that this book is tiny and has some features that are very different from normal Dr. Seuss books, but all in all, I still love it. It’s got a few complicated words (even for some adults I’m sure), but it’s fun to read over and over. Before you purchase it, you may want to see my short video so you know what you’re getting. Someone bought us a copy of this book for our baby shower, and I remember reading it a lot and crying over how sweet it was (woohoo pregnancy hormones!). So when our good friend announced they were expecting, I bought it immediately to add to their shower gift.It’s a great little book, with a sweet message and a pretty clever intro to all the wonderful characters of Dr. Seuss. My now-two-year-old and I still read this book often and he gets excited and points to all the characters from his other books, so it’s a book you can keep reading for a long time.

I’m going to be honest, it was a nice attempt but didn’t cut it in my opinion. The book is still the miniature version and it is a lot like "Oh, the places you will go," but borrows from as many Dr. Seuss books as a person can think of with very little original though put into it. I can’t be too harsh and give it less, but if you want to find something to read for the little one whose on their way that moves you, then it lacks a bit. I could have just read my daughter "Oh, The Places You Will Go." It’s practically the same book, but less leaning on other Seuss titles. I’m aware that it isn’t actually

written by the man, but I was no less disappointed. I read it once and didn't bother to again.

Bought for guests to sign at a baby shower. Mother-to-be loved the book and guests left wonderful messages that will always be cherished.

This book is VERY small. For the price I would expect a full size book. This is a stocking stuffer size item which is kinda disappointing bc I was intending to use it as a gift for an expecting father. It is a cute idea, but idk why they made it so small.

Received this during my baby shower from baby's grandma, and it's one of my favorite gifts. This book is just perfect.

Cheaply made. Disappointed but missed the return date :(

This book was not quite what I thought it was going to be. It tells a story using almost all of Dr. Seuss's characters, which is fun but almost too confusing. After reading the theory behind the book (reading to the unborn baby so they can associate comfort with the sound of reader's voice and story rhythm) I don't think it worked. It's Dr. Seuss style so it's expected to be tongue twister esk but it was just had to read at points, and I think this through off the flow of the story.I enjoyed the book, but it didn't meet my expectations.
