MERCER MAYER began writing and illustrating children's books in 1966, and since then, he has published over 300 titles. Readers can open almost any of his award-winning books and out may pop dragons, cuddly monsters, wonderful creatures, and endearing critters.Ã Â Drawing from his own childhood adventures for inspiration, Mayer created one of childrenÃ¢â ¬â„¢s books most cherished characters, Little Critter. He currently lives in Connecticut.

My 3 year old grandson has several of the Little Critter books and they're his favorites. After reading them to him, he wants to "read" them back to us. Since they're simple for a toddler to understand, he's able to read them almost word for word. It's a great experience for child and parents/grandparents.

Mercer Mayer are classic tales that touch your child's heart. Easy for them to understand, creative in message and all around one of the best children's authors I've come across! This one, All By Myself is one of my personal favorites. They do have to grow up sometime.

My 2 year old loves to do things by herself at first but then the charm wears off and it back to asking Mommy to "put on my pjs, brush my teeth, put on my shoes." I bought this book hoping that it would help keep the I can do it myself exitment alive. She does enjoy the book and although she still asks me to put on her socks, after reading this book I hear it less.

My 29 year old son grew up with little critter books and now my grandchildren are! Wonderful to start helping your child learn to read at home. Funny and relevant for small children and their adventures growing up!

Our daughter is two and a half and has lately been trying to do everything herself. I purchased this book in the opes that it would help her understand that we see what she is doing and it is ok to ask for help. She loves this book and the other critter books we have. Given the choice, she would have me read this every night.The book is short but not too short, easy to follow and has a wonderful message.

The Mercer Mayer books have always been a favorite of my childen. And Now I have an opportunity to introduce them to my great grandchildren. Every one loved the books.

I grew up reading Little Critter books. All By Myself was one of my favorites. Now that I am an adult, I look forward to reading this to my son when he is old enough (right now he just wants to eat books, haha).

My daughter loves this book. I remember reading it as a child so I enjoy it too.
