Customer Reviews

I am always a happy camper when ordering from ! They never let me down. We pre-ordered the book during the Summer and it arrived the day of it's release. People don't notice the small stuff but I do. As I took the book out of the package I noticed the book has a smooth texture on the front cover. The book cover in general has a smooth grip- like texture, lol. I always love the smell of a new book but the smooth outside texture of the book adds a good feature to the book.The book has

comic like pictures, but don’t think it’s a comic strip type book overall. It is a well worded book from the first page to the last page (217 pages overall) each page has a complete word filled page but the pictures adds to the imagination of the child reading this book. My son started reading this book series at 8. He’s now 10 and he LOVES this book series so much he looks forward to the new books that come out and every once in a while re-reads the older book series. We even have family movie nights and I don’t mind watching the couple movies that have been made from the "Diary of A Whimpy Kid" book series. I’m 32 and I find parts of the movie hillarious so I can only imagine reading this book as a kid. I can’t say enough good things about this book or any other book from the series. If you’re a parent like me, you’d rather watch your child read VS. Playing video games or watching TV programs. At least while reading it engages a child’s imagination as well as improving their spelling. Some studies has shown that kids, especially those that are more visual learners, spelling improves the more they read. :)I will be on the lookout for more books by this same Author (Jeff Kinney). Don’t hesitate to buy the book for your child (ren). I took a glimpse of a few pages already while my son is still at school and it’s pretty funny! Ha ha ha. I posted some pictures for previewing. :-D

We just received the book! My son is so excited. He has books 1-10 and has enjoyed each and everyone of them. I’m sure this one won’t disappoint him.

The book arrived today after school. My son is already on page 100.

My 8 year old couldn’t wait for the release of this book. We pre-ordered it months in advance and it arrived on the release date. As usual Jeff Kinney didn’t disappoint the Wimpy Kid fans and my son couldn’t put down this book. He finished it in 3 days only reading at night after school. He loved it. He can’t wait for the next one. I love that he enjoys reading and wish that there were more books like this that peaked his interest.

While I don’t always get the appeal of the Wimpy Kid series, my third grade son truly loves them. And as a high school English teacher, my philosophy has always been, if it gets them to read, and it’s age-appropriate, I don’t have to like it. My son thinks the books are hysterical, and often laughs out loud reading them. He’s read the entire series. Jeff Kinney has obviously tapped into something!

Diary of a Wimpy Kid Double Down by Jeff Kinney is about a kid named Gregory Hefley. His mom

thinks he is overdoing on video games, and wants him to get more creative. He also is doing some stupid things because he thinks he is secretly being filmed and wants the audience to have a good laugh! Then his best friend, Rowley, gets invited to a cool Halloween party and Greg wants to go to too. The solution is that Rowley and Greg dress up as a two-headed monster. Then Rowley needs a bathroom break so they go home. Greg finds some gummy worms and it gives him an idea to make a movie. I donÃƒÂ¢Ã â ¬Ã â„¢t want to spoil the book, but I do recommend this book if you like a good comedy book.Arnav - 5th grader

This is number 11 in the series and I far from being a child loved the first books in the series ..They were exciting, funny, adventurous and in my opinion would keep a child very interested in reading more...As the series went on the books started loosing that excitement and funny quality . It seems now that every other word is in all caps and emphasized on and i dont feel it needs to be...example page 4 and 5 combined have 7 all caps words...I know that sounds silly its just a opinion. He is still blaming others for his wrong doing...still ...really. The pig is doing human actions again in this book...funny ahhh.. maybe. I feel the last few volumes are maybe rushed and falling a little short of what Diary of a wimpy kid once used to be .Dont get me wrong Jeff is a excellent writer without him there wouldnt be Diary of a wimpy kid ...we will see what he brings to the table in the upcoming volumes.

Great funny book! Maybe not as good as the last ones, but still a must read. Enjoyable for all ages as it relates to everyone. I would highly recommend buying it.
