I was disappointed that my copy did not include a pullout for just cello but was combined with the piano. I don’t play the piano enough so that did not bother me but I can hardly read the cello part because it is such small writing.

Very disappointed that it did not have a pull out part for the cello.

Bought these pieces on recommendation of my daughters upright bass teacher (played like a big cello). She seems to like them and they sound nice.

Pretty average print quality, arrived without any pullout for cello.

Good beginning books for my cello students!

Pages fell out the first time I opened it.

Great

Didn’t like it .
