Synopsis

What is grayscale coloring? Simply put, it is an easy and amazing way to add professional shading to your coloring, without having to add the shade yourself! The complex gray tones add variance and depth to your art, taking your adult coloring to the next level, resulting in pictures you'll be proud to share. View our YouTube video showing all pages at: youtu.be/GgEsjdMP3kA (copy and paste the link into your web browser) Includes 24 gorgeous designs Printed on one side only Full size (8.5" x 11"), pure white 60lb. paper

Book Information

Paperback: 52 pages

Publisher: CreateSpace Independent Publishing Platform; Clr Csm edition (June 9, 2016)

Language: English

Majestic Coloring publishes adult coloring books with a variety of difficulty and styles for everyone to enjoy. We include designs with quality, hand-curated and/or manipulated licensed images, as well as original designs from artists around the globe. ~ Get a Free Coloring Book! ~ This 'n That includes 12 fun designs for your coloring enjoyment. All bundled up in one convenient PDF file to download and print at your leisure. Visit our site and download your copy. MajesticColoring.com

The images are great - however all the images in the first half of this book had a white printer/roller line cutting across the image which, to me, ruins that image. This appears to be a printer defect and is the SECOND book from this company (Magestic Coloring) that has had this problem (the other one was Fabulous Females Volume 2 - another GREAT book with even more fantastic images - except for the printing quality). In both cases it seems to resolve itself after the first dozen images. I

have bought other books from them that don’t have these lines so I guess it’s a crap shoot whether you get a bad copy or not. I plan to color using Prismacolor colored pencils and will see what happens. This review may change for better or worse once I see how it colors. I’ve since seen other reviews that the paper doesn’t color well so we’ll see.....Update: I colored the first image tonight. It took about 2 hours using colored pencils. I’ve included a pic and upgraded the star rating from 3 to 4 stars. The paper takes several layers of colored pencil and seems to work fairly well but you can’t use a burnisher/blender because it pulls the ink into the color and tinges it grey. I refrain from giving the book 5 stars only because my copy had the above mentioned lines running thru it. It seems to color ok but the line is still visible on the finished image.

I got this book today and absolutely love it. Great quality pages. It just completely awesome. Would I buy it again YES

The images in this book are really fun to color and I was able to come up with what I think are pretty good looking pieces, considering I am fairly new to grayscale. I found my Marco Raffines did a nice job covering just enough, but not too much of the grayscale. Would love a volume 2!

https://www..com/dp/1533699240/ref=cm_cr_ryp_prd_ttl_sol_2 I love this book and the variety of pictures it has to color. I will give me many days of enjoyment and relaxation. I like that they are only printed on one side of the page and that it is good weight of paper so I can use both colored pencil and pens or markers on the picture with out worrying about ruining the next page. I also like the gray scale. I can either let it do all the shading for me and use a few colors or I can go deeper and use more colors and get depth for a truly realistic piece of art work. Someday I will get copies made of my work (figure out how to copy them to my computer)and post them. I am getting better at it that I feel I can start sharing my finished work.

The pictures are great. The paper however in this book is poor quality. If they just would have taken it a step further with better paper this would have been 5 stars. Now i have to copy these onto a card stock paper in order to color them.

The pictures are awesome, but the paper is so awful that the book is unusable, at least for me. It’s like the cheapest form of newsprint. Don’t waste your money!!!

I love this book! The pictures seem to come alive! I'm new to grayscale coloring so this is going to be both fun and challenging!

Bought this for my wife who said she really didn't care for it.
