Customer Reviews

At Speedy Publishing, we envision our company and publishing arm as being a premier publisher of quick-reference materials, useful reference books, fiction books in all sub-genres and creative non-fiction to both entertain and assist readers worldwide in reading a fun and exciting books and also accomplishing their educational and professional goals. We continually update our products, ensuring accuracy of information, making sure they are fun and entertaining. Our products are always available in whatever format our readers need.

I bought this for my 88 year old ex father in law. He loves it! He spends hours upon hours coloring in all of his coloring books, some are children's coloring books, such as this, and others are adult coloring books. It has provided him with creative stress relief as well as relief from boredom. The illustrations in this coloring book are cute, fun and cheerful. I recommend this coloring book as an alternative to adult coloring books for seriously elderly people who might not be able to or who can't see the intricate designs in the adult coloring books. Of course, children will love it because it's so

cute!

This is a coloring book of individual sea creatures, not complete ocean scenes. The drawings are cute, cartoon like and varied, very similar to the front cover. Get the free kindle version for a preview of the coloring pages.

What a cute book. I love the ocean and these are so much fun to color. Good for kids and adults.

I liked the variety of sea creatures. Super cute and playful images.It looks to be made for Preschool age kids. Fun to learn and identify the different Sea Creatures that live in the Ocean.I think it would be better if it had other sea life in the background to color. This coloring book preview has only one sea creature per page. In the introduction, it tells about how to give ideas to your child on being creative. One of the suggestions that I remember was letting the child make up their own background.

Not my style

This turned out to be my Grandaughters favorite coloring book! That is all it takes to make me satisfied!

This coloring book is pack full of under the sea adventure. It will keep young coworkers busy and entertained for hours. I give it four stars.

Cute I guess. Expected some backgrounds maybe. kindle version not like the cover. Seems very simple for little kids.
