Customer Reviews

the book will serve it's purpose for my 4th grade son. The back cover was ripped near the binding when i took it out of the package. I only pain $4 including shipping (book cost a penny) so I'm not too upset. I used some clear packing tape to fix the rip and reinforce the front and back cover.

As expected

This is the finest thesaurus my sixth graders use. I think it's phenominal and wish I could purchase a set of thirty for my classroom. Exceptional

I was immeadiately drawn to this book's pleasing asthetic appeal. Tired of newsprint paged, miniature typed editions, the DK Concise Dictionary/Thesaurus was an attractive competitor. I brought this book as my first thesaurus and since then have found it helpful in writing letters and papers. Its a perfect hand-held size and the medium weight pages are also a nice quality. The format makes the book great for quick reference. However the book is truly lives up to the description of concise. At times I felt frusterated because it seemed almost too limited. I recommend

this book for younger writers and students. I have recently graduated from highschool and although I will take this book with me to college, I out grew the text early in my highschool career.

This is a fabulous combination dictionary/thesaurus all in one. The text is easy to read and the book has great visual cues. Many other books we looked at had type that was really small and hard to read. It is easy to carry, not too heavy. A must for middle school.
