Customer Reviews

Unlike most travel books, the Eyewitness guides are oriented geographically, so you don’t have to go to the index 8 times to find out what is around you.If DK does not make a guide to where I am going? I go without a guide.

We love DK Eyewitness Travel books. They provide great pictures of the areas covered. This one on Arizona is small, however, and doesn’t provide as much comprehensive information on the Grand Canyon as I had hoped. There was no information on helicopter tours over the canyon, as hoped would be reviewed and/or discussed.

Condition is good and it arrived on time. I am a big fan of Eyewitnrss travel books and this didn’t disappoint

There are a lot of really nice pictures to decide where in Arizona you want to visit and what to do. But, it is limited on specifics for information and detailed maps.

This is a good guide if you’re planning a trip to Arizona. Big pictures, interesting details of the area. Done.

I love these DK guides. They are compact so are easy to carry around. They hit the high points so they are especially great for weekend trips.

Great book! All DK books are thorough and most helpful. I wish I could collect all books for all states.

For those looking for a simple overview of what to do in Arizona this is a great place to start. While it has information that travels in the United States may not need it offers great advice on hotels and the pictures really get you excited about your trip. .The recommendations are excellent and the book is very helpful for the Grand Canyon.
