I got this for a sibling and after going through the book their practic scores went up 20%. The one thing that would be helpful would be some more practice tests in the book

I am a SAT tutor and I think this book is great. The exercises are well structured and plenty. The difficulty is very close to that of the actual SAT math.

My daughter states that it is helpful.

Best book for the new SAT

Just what I was looking for

Good supplement to my SAT prep class.

Great for SAT prep! Gives you lots of drills to prepare for this exam.

Very useful!
