I love to color and I love sweary coloring books! This book is one of the newest ones in my collection and it is absolutely hilarious! The monsters are so cute and the words are so funny! There is a "swamp ass" page which had me in tears!!! The designs are not too intricate or complex so it won't take forever to do a page! Which is very nice when you want something quick and easy to color! If you're into the sweary coloring books I'd definitely recommend adding this to your collection!!

As an owner of many sweary books, this one is one of the most unique books I have. Each image is single sided, allowing for different mediums to be used without worrying about ruining images on the backside. I could not wait to get this book, and was not disappointed at all!!

There are a lot of sweary coloring books out right now, but none of them with cute monsters! This book is great because I can open it to any random page and crack up laughing. The word list includes some all-time favorites as well as new ones to enhance your vocabulary.

Very fun adult coloring book. The coloring did go quick though because it is not as detailed and many things to color vs. some other adult coloring books but overall fun.

This is hands down my favorite sweary book. I greatly appreciate that the design are not intricate or complex as it is very easy to use any medium without the worry of going outside the lines. The monsters are just as cute as can be and I cannot wait to see more work from Abby!!!!

I love the characters in this book and the swear phrases. Between the phrases and characters in this book, it’s a good way to de-stress and relax. I highly recommend this book.

It’s just okay. The pictures are very primitive and simple, and don’t really provide the coloring challenge I thought it would by the cover art.

Awesomeness to the max! I so can’t wait to color! My 9 year old asked if she can color a not so bad one. She loves that there are a couple I’m willing to let her color. Normally she can’t even look at my swear books.
