P. D. EASTMAN wrote and/or illustrated many beloved childrenÃ¢â ¬â„¢s books, including Are You My Mother?, Go, Dog. Go!, and The Best Nest. After training at the National Academy of Design, P.D. worked at Walt Disney Productions and Warner Bros. Cartoons. He enlisted in the army in 1943 and served in the Signal Corps film unitÃ¢â ¬â •a unit headed by Theodor Geisel (who would become known to the world as Dr. Seuss). Geisel later approached him to write for his new Beginner Books series at Random House, resulting in the publication of P.D.Ã¢â ¬â„¢s first book, Sam and the Firefly.

These books along with the boxed set "The Little Blue Box of Bright and Early Board Books" by Dr. Seuss, arrived on time and my grandson and I are delighted. I might be a bit biased since I read

these books when I was a child and they bring back memories of my childhood.The books are made of hard thick cardboard and I just know that they will last a long time. At least I feel confident that they will last long enough for the next few grandchildren.

Since giving this little set of books to my two-year old granddaughter, she has spent a lot of hours sitting in my lap and having me read them to her, one after the other. And now she uses the little box they came in to tote around her crayons. It has been months since I got this set of books, and they're still a favorite :)

Exactly what I've been looking for! Great for baby to hold or interact with while you read to them. Will buy more of the sets.

These are cute, sturdy books. My little guy loves holding them but the pages were really stuck together. The stories are a little condensed but prefect for my little guy to practice. The graphics are cute.

My 4 year old loves these books, and despite being the abridged versions, keep her entertained.

Great buy! The books are sturdy, colorful and fun to read. My 1.5 year old loves the little lunch box carrying case almost as much as the books. Spends so much time getting the books in and out and proudly carrying it around the house. It's a cute case small enough I can toss in my diaper bag on our way out the door and he has 4 books and little cardboard box to entertain himself with.

The books are small, although the size bothers me my child loves them. she went straight for the books....didn't even want to wait for me to open her other order of books. It's all about my girl...if she loves them then I do too.

Great set of books! Sturdy and compact, these are perfect for little hands to hold. The books are abridged, but the stories remain fun and entertaining. We read through them everyday!
