Synopsis

Fire TVSale price. You will save 66% with this offer. Please hurry up! The Ultimate User Guide to Fire Stick To TV, Movies, Apps, Games & Much More (how to use Fire Stick, streaming, tips and tricks, user guide)Did you know that your television can function as an all inclusive conduit to online videos, apps, music, and games? Did you know that it is also able to stream thousands of your favorite movies and television shows at just the touch of a button?Believe it or not, itÃ¢â ¬â„¢s now possible thanks to a device no larger than an ordinary USB Flash drive. The Fire TV Stick is the latest innovation in digital entertainment developed to rectify the shortcomings of similar set top box appliances. With virtually no hassle, the Fire combines the latest in streaming technology with an ever expanding catalog of programming and brings it to the comfort of your home. This eBook will serve as a co-pilot for any beginner navigating the extensive features available through the Fire TV Stick. Here is a preview of what you'll learn: The technical specifications of the Fire TV Stick Crucial information on what sets the Fire apart from the competition Easy to understand advice on setting up unique remote voice control options An overview of the content and capabilities available with your purchase Some tips and tricks to help you make the most of the Fire TV StickDownload your copy of "Fire Stick" by scrolling up and clicking "Buy Now With 1-Click" button. Customer Reviews

has put Apple TV, Roku and GoogleÃƒÂ¢Ã â ¬Ã â„¢s Chromecast in its crosshairs with its new Fire TV streaming device. If you are a recent Fire TV owner or if you are looking to get better understanding about this TV, then I would like to prefer this user guidebook to read. I found it a few weeks ago and it helped me a lot.Throughout this read I have come to know a clear overview of setting up of this device. Here I got several descriptions of music apps for this device, content apps and using techniques of remote & game controller. It also showed me about how to troubleshoot and all the latest info about current available accessories for this Fire TV. If you already own the Fire TV or are considering it as an enhancement to your current entertainment system, then never miss your chance to read this book as far I can say. It is my honest opinion about this book.

more of an overblown press release than a ’how to’ guide.talks about the stuff the fire stick can do but forgot to put the ’how to’ part.waste of money

not real useful waste of money

Not worth the money. Can get better info on

I didn’t think the instructions were explicit enough for a first time user. Some people need better examples given as step by step instructions. Great explanation of how it was developed and why.I

was hoping it would give direct instructions.

These quickie books are mostly a rip off.

Lacks content on newer features such as Kodi. Don’t waste your time or money on this you can read about on google

I was really looking forward to this "book" Unfortunately it is written like an advertisement selling the system. I could find no "How to". Very disappointing!
