It it my sons favorite book! We read it out loud and the book was great this is a great book for children to read

Great cover designs! Started reading this series with my 11 year old. Both of us enjoyed Doon and Lina..... and Poppy, of course!

My goddaughter loves this series

Last book is not great, but others are among my favorite

Excellent price. My 11 y/o grandson needed the first book for his Language Arts class and I decided to buy the set. Arrived in perfect condition and on time!

My grand son was reading these books (Age 10) and really loved them. I liked them also and feel they really are a good book for kids to read. The story is interesting and the ethics of the characters set good examples for kids to live by.

My daughter has this book as a required reading text for sixth grade. Although her reading level is a lot higher, from a content standpoint, she really enjoyed reading the whole set.

Boy finished the whole series in less than a week! He liked them, wishes there were more of the series to read.
