Customer Reviews

Not for a home owner

As industrial electrician great to see books like this, relays are used in industrial equipment and get stomp on how to check relays great book buy it.

Waste of money bought the book and not all of it was there I want my money back

Just started to read today and it is great !!!

A very good book. I love it.

It works great ,easy to read money well spent

good info. Not a reference guide , some basic stuff.

very educational worth the money enlighting for problem solving. very good tony
