Customer Reviews

Got this book as a Christmas present. It’s a fine example of what it is; my kid just wasn’t that into it. I think I thought the stencils would give her more of a jumpstart into wanting to actually color it. Should have bought another Dora storybook, but that’s not this products fault. Not really sure what you can say about a coloring book--the lines are all very clear for coloring in or over.

Grandchildren ages 1-4 love these programs. We have 3 children with special needs in their teens... they, too prefer Dora and other Nickelodeon Jr. Programs. And... I should add, because they’re played in adult’s presence - they are great for "kids of all ages".

Daughter loves gymnastics so we purchased this book for her. Very few pictures of actual gymnastics.

This is a nice book for little girls who are interested in gymnastics! Who isn’t after watching the Olympics?!* It would be a great buy for your little girl...

I ordered this to give to my 3 yr old neighbor who is an aspiring gymnast and she was very pleased

i love the book they are going in my granddaughters room and she loves them especially the ones that are dora

My granddaughter...thought this was "super cool"...She was very happy with this AND her new Dora Gymnastic Fantastic Doll. And Christmas was Merry

As advertised, fun for little ones and very reasonably priced. Bought it for Christmas for my granddaughter who loves anything Dora.
