Customer Reviews

Those all look incredible. The rye bread? Even I can do that. (ABM- automatic bread machine). This

will be a much guess cookbook, especially the soups. My only problem is no pictures of the finished product. However, these are traditional, handed down, and I really can’t expect it. The recipes themselves are quaint and charming, but thoroughly doable.

I really enjoy the recipes that I found within this fantastic cookbook. The Chech people really have some interesting food and a great way to prepare them. Thank you and enjoy your meal and your day.

Great cookbook!! My Gramma was taught to cook by her Mom,who was born in Bohemia. And Gramma was a tremendous cook!!! She was actually known for her cooking,especially bread,rolls,kolache, houska, etc. And this book has a few recipes that she used to make..She never used a cookbook,and I was too interested in the outcome of her daily baking,so I never paid attention to how she created such wonderful stuff. I intend to practice some of the things in this book,and maybe I will be able to contribute something to Thanksgiving and Christmas dinners for once!!

As a Czech citizen I feel little bit offended. This cookbook promises to contain traditional Czech recipes yet there are none. At least I would not consider them Czech. There are better cookbooks on . It is also hard to convert units include chart next time not all people uses imperial units. There are also no pictures at all. How am I supposed to know how the food should look like? The content is unorganized and confusing.
