Synopsis

This comprehensive guide provides an overview of alternative dispute resolutions and settlements. This Nutshell presents alternatives to dispute resolutions that go beyond the one size fits all litigation mentality. On-point discussion facilitates an understanding of the wide variety of options available that can better suit a client's needs, such as negotiation, mediation, and arbitration.

Customer Reviews

Fordham University

As a mediator who has done hundreds of mediations, Alternative Dispute Resolution in a Nutshell is a book that should be in every mediators toolbox, its comprehensive and will open many doors in the ADR process. Mediation is a craft to be learned and this book offers the reader materials that can be used at all levels of conflict resolution.

This has been a struggle to read, it may be fabulous, but I can not focus. I will try again in a few months, I may be lacking basics or need remediation. I have had to start books over at a later date previously & typically it has been my own deficits.

Easy read. Almost common sense rather than informative.

This was one of my least favorite classes in paralegal school. This book is fair, but outdated. I'm

sure the content could use some updating.

I am very happy with the book that I purchased because it really does give a good insight in how to deal with dispute resolution issues.

Alternative Dispute Resolution, before you go to court you must go to a Mediator. That is what this book is all about. Mediators are now being trained to work with people to help people solve problems before things get out of control, not only with the courts but in all walks of life. This book is only one of many which looks at ways of working with the courts and training mediators to work with the courts, organizations, agencies, schools, families, etc., so people can develop way of dealing with stress in constructive ways rather than destructive ways. This is part of the training for studying law since mediation is now required before going into court. An excellent resource book.

Good text for the class I am engaged in at the moment.Nothing is realy in a nutshell, you add jelly to peanut butter for the real classic even salt

Easy to read. Great for attorneys or persons interested in getting into the business of mediation. Great bibliography and reference section.
