Synopsis

THE HIGHLY ANTICIPATED, DARK ROMANCE NOVEL, FROM INTERNATIONAL BESTSELLING AUTHOR, KER DUKEY. DEVIL. A STANDALONE, DELICIOUSLY SEXY, NAIL BITTING PAGE TURNER YOU WILL NOT WANT TO PUT DOWN.Ã Â "Darkand twisted with a whole load of sexy thrown in.A sophisticatedread that I loved and I didn't want to end". ~ International Bestselling AuthorKirsty MoseleyÃ Â "What a book I have to say for me Devil is for me one of my top reads for 2017. ~ Charlie Ã¢Å“Â WLTB Blog Ã¢Å“Â "What Ker has delivered is a story so complex, so addicting that you drown in the pages and words she has produced" ~ The Wandering Bookaholic "A five star..thud...thud...thud...read." ~ Obsessed by Books "5 Dark, Twisted, Magical Stars!!!!" ~ Book Haven Book Blog This is a Dark romance for 18 years and over. Evi Devil. Yes, that is really my name. The irony is not lost on me. I was created from two evil souls and have the name to prove it. Devil worshipers, perverts, murderer. Is all terms used to describe the parents I refuse to remember. My mind will not allow me to. And why would I want to? One born with dirty blood running through her veins can never truly be clean from its murky hue. No matter what they try to tell me happened in my past, my mind denies me access, therefore how can I know it is true? How can I believe that is what I am born from? Glimpses of my past haunt me, the screams of terror echo in the silent darkness of my memories, trying to remind me that my Mother went from room to room butchering our family. I have learned from scars that I suffered abuse and that my Father and siblings were not my Mother's only victims. Hearing what they tell me. Reading the words printed in the papers. None of it can prepare me for what's to come. My biggest lesson is learning that some memories we suppress for a reason.

Customer Reviews

Oh. My. Freaking. Stars. This book was freaking incredible! The first words that come to mind to describe this aren't exactly words people use in civilized conversation. So right now all those wonderful curse words are the only thing making their way thru my head to describe the rollercoaster I just went on! Without a doubt, this is in my top 3 books of the year for me.From the beginning everything is shrouded in the perfect amount of mystery. You get enough to keep you reading, yet you don't get a ton dropped on you all at once. And then on top of that, you start to second guess what's truth and imagination. It's all freaking brilliant! This book literally takes you to the very end, and I guarantee you that you will not see it coming. I just finished the book and already wanna reread it, just to see how much better it is knowing all that I now know.Let me be clear that this book has dark themes. If you feel even a little bit worried about that fact then I encourage you not to read this book because it isn't fair for the author to suffer from bad reviews or slander because you were the one who didn't heed the warnings and not read what you weren't comfortable with.That being said, if you can handle dark themes, and love psychological thrillers then this book is definitely for you!

This is a mind blowing walk on the dark side by an author that has quickly become one of my absolute favorites of all time and I loved this!! Evi is one of the most complex characters I've had the pleasure of reading in quite some time and I couldn't get enough of her! This is one of those stories that draws you in from the very first page and causes the entire world around you to completely disappear and I love when a book does this for me! I was left on the edge of my seat the entire time while reading this not sure in what twisted direction this author was going to take me in next and this entire journey was quite a rush! I definitely look forward to having my mind messed with many more times in the future by this incredibly talented author and I highly recommend reading this amazing book to anyone! I reviewed this for Reviews from the Heart.

This book was awesome! The twists and turns Ker’s mind takes is awe inspiring. This was like walking through a maze of mirrors at a carnival - except all the mirrors were fragmented and disjointed. You, the reader, are left wondering just how dark and twisted is this ride going to be?This is absolutely one of Ker’s lighter reads, but it still grips your attention, holding you hostage until the very last page. This book definitely doesn’t disappoint. It shows how easily our mind can edit memories and alter realities to protect itself, making me seriously question Ker’s - and my own - thoughts (and sanity).Dare to take the plunge into this fun house. You won’t regret it. It’s worth every moment.

Just WOW This is my first book by Ker Dukey but most definitely will not be my last.She takes you on the most incredible dark ride that you will hold on tight to the sides and not let go until the very last page.You will meet Evi Devil and you will live in her "reality" and you will see what she is seeing in her mind throughout this whole book.Her journey will take you down that rabbit hole with her but with every page you turn you hope she will climb out and find the person that has been hiding within herself.Ker most definitely will keep you on the edge of your seat throughout Evi’s story and I most definitely wanted to stay there until I knew how her story would end.

Evi blocked out all her memories from a traumatic experience she suffered when she was only eight years old. She’s a grown woman now and it’s time to remember what really happened. She just might find what or who she’s been missing along.Evi struggles with her memories and what is real and what isn’t. Garret and Max play important roles and there is a significant twist at the end. Not as dark as some of the other books I’ve read by this author.

I can’t even use words to describe how much I loved Devil. Her reality is something I am deathly afraid of happening to me. You don’t know what is happening and all you can do is sit there and enjoy the ride. Max had me swooning so hard. I wish everyone would pick up this book and love it as well. Love all of Kerry’s books. This one is up there as one of my favorites.

This is absolutely one of my favorite books of Ker’ s. A total mind crippling read!! I thought there at the end for a minute someone was gonna say she was schizophrenic, and I was gonna be devastated. Thank you Ker for not letting it end like that!!!

This book was not what I was expecting, and holy cow its amazing.I could not put it down, I had to

know what was going to happen to Evi and Max. This is a dark tale so please read the warring.
