Synopsis

The subject of the Masters has always been highly controversial, ever since Madame Blavatsky announced their existence to the world at the end of the 19th century. Since then there have been claims and distortions around their identity and function in the world, making a travesty of the whole subject. It is hoped that a more balanced perspective is presented here, that can provide accurate and conciseinformation to newcomers of the Ageless Wisdom as the subject of the Masters is one that many seekers first come across.

The preface notes that this book was produced at the request of students and colleagues who wanted a simple but accurate source of information about the Masters. He has certainly accomplished this goal. While there is a lot of information concerning the Masters in Alice Bailey's Initiation Human and Solar, Lindsay goes beyond this source to extract information from the other Bailey books as well as from numerous sources. Like his book on The Shamballa Impacts, there are many useful tabulations and a glossary. These books have the potential of being extremely valuable to students of the Ageless Wisdom tradition, both those who are new to the teachings and to the more advanced disciple. Phillip Lindsay has provided a great service in producing these books. --Charles DeMotte, Professor of History, Empire State College, New York.Phillip Lindsay writes in a style that is clear, penetrating and enjoyable to read. --Lawson Bracewell, astrologer, counsellor, group leader. Seven Ray Foundation New Zealand.Congratulations on a well written and

informative bookÃ¢â ¬Â¦ illuminating. --Aggie Lim, director - Esoteric Sciences Creative Education Foundation. (ESCEF)

Phillip Lindsay has been teaching Esoteric Astrology and The Ageless Wisdom worldwide for around thirty years, also working as an astrological counselor. His websiteÃ Â is dedicated to showcasing the leading thinkers in the world today on Esoteric Astrology and the Seven Rays. Phillip's current long term project is his ongoing "The Hidden History of Humanity" series of books and videos. This is an area where major original breakthroughs have been made,taking him to many nations investigating the ancient landmarks.

Having The Masters all in one small book.... how great is that.. !!!

not what I expected but is interesting

This is a really interesting book about the Masters of Wisdom, who guide Humanity in accordance with the Divine Plan. It begins from the cosmic perspective, describing the role and purpose of the Hierarchy and how the energies of the Seven Rays work through them. The author gives the topic a philosophical context by dealing with such questions as karma and free will. And why all of the Masters discussed here are male! There are descriptions of the Masters themselves as they have lived on the Earth over a number of incarnations. These chapters are interesting and easy to read, enlivened by description and anecdote. The book also contains very useful appendices on Astrology and on the Seven Rays; as well as a helpful glossary.

Phillip Lindsay has written a very useful book on the Masters of Wisdom and the role they play in world affairs (with photos included). Appendices include Seven Ray Tabulations, Astrology and the Seven Rays, and a great Glossary. This is essential reading for anyone wanting to know more about the Masters - the great ones who guide and guard humanity.
