What kind of person would seek high and low to find free tours? Jodi Jill loves to learn, explore, and save money. She has enjoyed each of the tours in the book and has personally verified that they are indeed free, fun, and open to the public. Ms. Jill promotes literacy through her Quit Whining and Read! campaign which makes donations to a variety of literacy programs. Ms. Jill’s books, literacy program, and life story will be profiled in an upcoming national women’s magazine. This is the second in the Tours For Free series. Search for Tours For Free Colorado!

I bought this book a couple of weeks ago. It really is a fun and interesting twist on entertainment. I was hoping to gain information on the community, and I did. But I also was blown away by how many tours are in this book and how much fun we had. I really enjoyed the golf ball tour and I really liked the vitamin tour. These were unknowns at the time. If I had a grip with the book, it would be that the author put free days of musuems and galleries plus free festival in the back of the book and I don't have enough time to do all the stuff listed in the book. It is a good book though and will get to as much as possible with my schedule, promise!!!

This book is a great reference if you are thinking about going to Southern California on a limited budget. There are plenty of places the author highlights that are not found in other books (trust me I have purchased plenty of CA books). The tours are appropriate for the kids as well. Plus you have over 100 to choose from, meaning you could tour for weeks on end and still have places to go. If you are vacationing in California, consider getting the book. It is a great find for the limited budget.
