Our guides are printed in the US on recycled paper.

Used on my trip through the mangrove forest on the west coast of Nicaragua. Completely satisfied

with the detail and how much it helped identify the birds we were seeing. Will definitely check back for my next trip.

Good for carrying on hikes or kayaking.

Laminated guides like this can be very useful in the field.

Not that there is a lot of choice in field guides for Nicaraguan birds, this laminated guide is well illustrated and fairly comprehensive.
