Synopsis

"Fantastic."--John Green"A gender-fluid, John Hughes-style fantasy plus all the feels."--Salon"This is an excellent sequel....This installment raises the stakes, making the story not just about physical and emotional transformation, but about survival."--School Library Journal"Oryon's humor and insight will keep readers turning pages."--Kirkus Reviews"This series is addicting...as soon as I started reading I was immersed into the book, unable to put it down....The series is just getting better and better."--I'd So Rather Be Reading"I really enjoy these books....If you are looking for books--these are great."--Yellow PorcupinesPraise for Changers Book One: Drew:"This is more than just a 'message' book about how we all need to be more understanding of each other. The imaginative premise is wrapped around a moving story about gender, identity, friendship, bravery, rebellion vs. conformity, and thinking outside the box."--School Library Journal"Changers should appeal to a broad demographic. Teenagers, after all, are the world's leading experts on trying on, and then promptly discarding, new identities."--New York Times"A thought-provoking exploration of identity, gender, and sexuality...an excellent read for any teens questioning their sense of self or gender."--Publishers Weekly (starred review)Part of Akashic's Black Sheep YA imprint.Changers Book Two: Oryon in the four-part Changers Series for young adults finds our hero Ethan/Drew on the eve of her second metamorphosis--into Oryon, a skinny African American skater boy with more swagger than he knows what to do with. Enter a mess of trouble from the Changers Council, the closed-minded Abiders, the Radical Changers (RaChas), and his best friend Audrey--at least she was his best friend when Oryon was Drew--and now, it's complicated.But that's life (and life, and life, and life) for Changers, an ancient race of humans who must live out each year of high school as a completely different person. Before next summer, Oryon will learn what it means to be truly loved, scared spitless, and at the center of a burgeoning national culture war. Most of all, he will learn again how much the eyes of the world try to shape you into what they see--and how only when you resist do you clearly begin to see yourself.

Customer Reviews

In this second of the series, Ethan becomes Oryon, an African-American high school sophomore in the same small Tennessee town near Nashville. I thought being black in Tennessee seemed a bit soft-pedaled, but plot lines advance and characters develop. It’s nice to see character development in a book for teens. This series shows how individual experience is affected by physical appearance, sex, behavior -- ’givens’ that are not choices. The central character, the "changer", always is Ethan (Book One: Drew), and indicates that inner character and personality remain essentially the same, no matter in what shape a person appears.

I highly recommend this book, especially to those teens who don’t like to read. Themes like sexuality, gender, race, and identity is what makes this book intriguing and relatable. I do think it’s necessary to read Book One first so you can get more background and insight of what’s going on. Most of the book deals with Oryon and Audrey’s relationship, and there is an unexpected cliffhanger at the end. I’ll definitely be reading Book 3 as soon as it comes out!

Everyone should read this series. Appropriate for middle school and up.

My students are enjoying the book.

This series is fascinating and fun to read!! I love the exploration of gender, sexuality, racism and identify formation. The characters are very interesting and well developed. This is a great read for

young adults and adults of all ages. I look forward to the time when a fluid gender identity is accepted and valued instead of feared and anxiety-producing. Check out both books - I can’t wait for the next one in the series!

BIG fan of these authors, this series, and of their fantastic empathy movement/project they promote via their website, www.wearechangers.org.

I loved it! Over way too fast! Can’t wait to get the third book!! It’s such an interesting story line!

Changers Book 2 is the second book in a series of moving, funny and revelatory YA novels about an ancient fictional race of high school students who swap identities at the top of every school year. In this second novel, Ethan-now-Drew subsequently becomes Oryon, an athletic African-American boy and has to confront issues of racial discrimination as well as problems within the Changers Council and external forces hellbent on taking them down. Throughout, our intrepid protagonist doggedly continues to love the same fiercely intelligent girl. Will they get their HEA? Changers 2 is a gender-fluid, John-Hughes-style fantasy plus all the feels. I read all three Changers novels in one weekend and canÃƒÂ¢Ã â ¬Ã â„¢t wait for number 4!!
