This book made me realize how thoughts and words can turn anything or any situation sour unless you change those sour thoughts to loving thoughts. It helped me release my pain of many things that happened to me throughout my life! I loved this book!! It will make you feel like you are in control of yourself (your happiness) once more no matter what you've been through. That is an amazing feeling! A must read for anyone who has emotional pain. Read it, you'll be glad you did!

Every book that James has written is wonderful. This one is no exception. It leaves you feeling good and like you too can do this.May we all learn to respect and love one another.

This highlights Jame's life long message of hope and true love and how everything anyone every does, in the name of love or hate, has a self retribution to contend with once they pass away from this plane into the higher realmsHow our loved ones never pass away, only pass into an unseen (mostly) realm where they are still with us in love and concern.Learn from those who have passed on how to live your life NOWAnd no one gets that message across better than James.

I guess this is a nice uplifting book, but it contains nothing new or profound. If you have read a few Hay House books then you have already read this one, I promise.I would not recommend this book because there is little advice or exercise to guide us anywhere; just a handful of lame meditations. Unfortunately I found James pretty arrogant thruout the text, just namedropping many of the spiritual buzzwords of our time. Yawn.

This book was a very fast and inspirational read about loving yourself and others. It is a very upbeat book that brings you up very fast while reading it! The stories JVP brings with his concepts are wonderful and heartfelt! I LOVE this book! I have always been a great fan of James as he has fabulous energy! This beautiful little book can bring anyone up very easily!

I read a little from this book every morning before my meditation. It really focused my attention on love and unity. Praagh also shares interesting psychic stories from his career. This is the second book I have read by Praagh. I love his style -- very gently, kind, and practical.

As always, James shares the most wonderfully poignant stories that relay exactly what we need to know at the moment when we need to know it.I am always grateful for his wisdom, and this book reminded me to be in the present looking for joy, light and love in myself and also in others. And to share all of these as much as I can as often as I can. For in remembering that I am a being of love, I will not feel so disconnected from Home here on the denser, slower vibrational school of Earth.

Learned much; some that I just need to remember to practice... Others were new, inspirational, practices that I must incorporate.Always loved James VanPraagh. Watched him from his first show in early 90s.
