Synopsis

Vaginal Surgery for the Urologist, by Victor W. Nitti, MD, is the ideal way to enhance your skills in the diagnosis and management of pelvic disease. In this volume in the Female Pelvic Surgery Video Atlas Series, edited by Mickey Karram, MD, detailed discussions and illustrations, case studies, and video footage clarify how to most effectively select and perform a variety of procedures and manage complications. Corresponding online video presentations at www.expertconsult.com take you step by step through each decision and procedure.Case-based presentations and videos, narrated by the authors, take you step by step through a variety of procedures including anterior repair with paravaginal repair; simple vaginal hysterectomy for stage III uterine prolapse; high uterosacral suspension in a patient with complete uterine procidentia; incision of pubovaginal sling; and repair of vesicovaginal fistula (VVF) using a peritoneal flap tissue interposition.Highly illustrated, quick-reference chapters discuss all of the possible diagnoses for which each procedure is indicated.Case studies describe the clinical history surrounding each case featured in the videos.Online access at www.expertconsult.com places the full text, videos, and more at your fingertips on any computer or mobile device. Confidently manage female pelvic disease with step-by-step visual guidance.

Customer Reviews

The videography with this series is poor and the written description are also poor but at least some

ideas are gained throughout each chapter. I feel the authors are more concerned with getting a book out then getting a great book out. Please next time do close up definition video. Have the lead surgeon scrub in while his fellow films the cases right next to the Dr Karrams etc not over the right or left shoulder because of the shadows and head obstruction. Always concentrate on the operative field by staying to the right or left of the surgeon but not over the shoulder.
