Synopsis

Photography 4 ManuscriptsÃ¢â ¬Å“Adventure Sports PhotographyÃ¢â ¬Â•, Ã¢â ¬Å“Making Money with Portrait PartiesÃ¢â ¬Â•, Ã¢â ¬Å“Making Money in the Music Business as a PhotographerÃ¢â ¬Â•, and Ã¢â ¬Å“Real Estate PhotographyÃ¢â ¬Â•This book contains valuable information on starting your own photography business. ItÃ¢â ¬â„¢s truly an advantage if you are a photographer by profession, but if not, it doesnÃ¢â ¬â„¢t mean that you could not open your own small business. This book can help you get the ball rolling with your startup. Despite the fact that people now own smart phones with great cameras, nothing can beat the skill of a professional photographer Ã¢â ¬â œ they just know the nuts and bolts of taking photos, editing, and printing. They know about the correct angle, the right amount of light, and even the appropriate gesture and expression. Professional photographers are just more organized, more effective, and they give better-looking images that you can proudly post online. I know that starting a photography business Ã¢â ¬â œ any business, in fact Ã¢â ¬â œ is not a walk in the park. ItÃ¢â ¬â„¢s also not roses and rainbows; there will be difficulties along the way and maybe at one point you might even think of quitting. Lower your chances of being discouraged by being equipped Ã¢â ¬â œ one way to do that is to read, savor, and finish this book. Here are a Few Things You Will Learn From This Book:Ã¢â ¬Â¢What to sellÃ¢â ¬Â¢How to market your productsÃ¢â ¬Â¢Tips to ensure salesÃ¢â ¬Â¢Mistakes to avoid Ã¢â ¬Â¢Choosing the right camera for you.Ã¢â ¬Â¢Learning how to use a DSLR camera.Ã¢â ¬Â¢How and when to adjust your cameraÃ¢â ¬â„¢s shutter speed, white balance, and ISO.Ã¢â ¬Â¢Tips for creating pleasing photocompositionsÃ¢â ¬Â¢Real Estate Photography tipsÃ¢â ¬Â¢And much, much more!

Customer Reviews

This book is good because this book is about Photography Business.This book contains valuable information on starting your own photography business and the author done her job .This book can help you get the ball rolling with your startup. They know about the correct angle, the right amount of light, and even the appropriate gesture and expression. Professional photographers are just more organized, more effective, and they give better-looking images that you can proudly post online.Overall when you read you love it.

It is a comprehensive structure that nudges you towards the goal of starting a business.I'm surprised at how much information was packed into such a small book. It is definitely a great book to have if you are looking at starting your own business and guides you through many of the steps. Highly recommended.I totally enjoyed this books and it really helps to keep organized through the process of starting a photography business. Well worth reading!

The whole concept of 'loading out' before you attempt any business, and knowing what you are selling to make you an authority in your product even works online. Personally, I think it can become easier, because you can sell in your boxers instead of a tie. This is very helpful to get an idea of what the startup costs will likely be. It then covers actual business components, such as getting an LLC, advertising, competitive research, and finances. It was quite refreshing to know that you can start small and fairly inexpensive-you don't even need a website at first, just a blog and a Facebook page!

I love taking photos, editing videos that's why I am searching how can I get money just taking pictures. This is a perfect business for me. The book contains a lot of information that I can put If I would like to start Photography business. I have willingness to start this area but I dont know how? This book contains valuable information on starting your own photography business. ItÃƒÂ¢Ã â ¬Ã â„¢s truly an advantage if you are a photographer by profession like me. This book

helped me a lot. Thanks to this book.

It’s one thing to be able to take great photos but to be able to turn it into your career requires another skill set. This book gives a good road map to start a photography career. It’s given me confidence. I’ll be using this book as my art bible.

I bought this book as an introductory guide not for capturing moving objects, since IÃƒÂ¢Ã â ¬Ã â„¢m a little bit experienced in that, but rather for building a small business on my pictures. Obviously, the guide is just what I needed. This is an explicit instruction on how to plan, start, and grow your photography business! There’s a good practical material in the book and you will benefit from it. Moreover, although IÃƒÂ¢Ã â ¬Ã â„¢m not a beginner, I found several great technical ideas for choosing the best angles and distances, as well as several crash-avoidance safety features, which IÃƒÂ¢Ã â ¬Ã â„¢ve already tried. They do work! I highly recommend this book.

The information contained in this book is just as easy to digest and implement. I read the book and I think it covers pretty much everything one needs to know when starting a photography business so I would definitely recommend it.

I totally enjoyed this books and it really helps to keep organized through the process of starting a photography business. Well worth reading! That is something you don’t hear much about. Loved it and will definitely read it again!
