It’s a decent book, my students like it (yes, no profanity is in the book). It is a nice, quick read too.

It’s good IG. I expected it to be bigger than that but it is a good book. It talks about Reginae (daughter) and also his other kids. It is a great book so I would say a five and shipping was fast for all of us so....if yours do sent get there within two days track your package or just check on it.

I bought this for a school project. I had to read a auto-biography or a biography about an American born person so I chose Lil Wayne and this was the perfect book for my project

Very interesting and informational!
