Synopsis

Days after his murder, Chip grabbed his fiancÃƒÂ© while she laid sleeping. "I'm not gone, I'm right here," he told her. "You can't see me, but I am here. I'll never leave you. I promise."Ã Â When Lyn Ragan started hearing from her deceased lover, she thought she was losing her mind. Not only had the love of her life been ripped away, she was seeing dead people. Guiding his sweetheart through a twisting plot into the wonder of life beyond death, Chip teaches Lyn how to read the Signs and Messages he shares from the Afterlife. His determination to communicate from the Other Side keeps her focused on his new life, instead of how he died.Chip's unforgettable visitations, creativity, and ability to leave gifts from the beyond, are remarkable blueprints for proof of life in the Hereafter. Filled with loss, grief, and otherworldly love, this true story will have you on the edge of your seat while you question the nature of life after physical death."Death is not the end of who we are, my darlin'." Chip said.Ã Â "Love can never die. The one Key to everything beautiful is love. Our love lives forever."

"This story is riveting. I found it impossible to put down." ~Ã Â Linda Moore, AuthorÃ Â Memories of Magdalene"Wake Me Up!Ã Â is an excellent story for those coping with the sudden unexpected loss of a loved one. It goes beyond the stages of grieving and recognizes the ongoing existence of loved ones in Spirit. The unfolding awareness that Lyn communicates is an example of how we can share moments with loved ones who have passed on, while continuing to live our life to its fullest.

This book was an ’easy’ read and Lyn’s style of writing brings you into the story and touches your heart. ~Robert Sharpe, AuthorÃ Â Joy Potential: Where You’d Least Expect It"This is a really moving story that touches on just how difficult it is when we lose a loved one. It shows just how strong love can be. A real inspiring read that makes you think." ~Nikki Bywater,Ã Â Books4U Reviewer"If someone had handed meÃ Â Wake Me Up!Ã Â shortly after my husband passed--I can’t imagine what a difference it would have made in my grief process." ~Margarett Gomez,Ã Â Widow and Mother of five."This is the first book I’ve read about the Afterlife where I truly felt validated--not only was it her truth, it was my truth too." ~Lynda Matthews, AuthorÃ Â A Breath Away: Love, Loss, & The Afterlife

Lost s dear one recently and have been having experiences with him. This confirmation helps me to stay present yet with him and keep moving forward.

In Wake Me Up! Lyn Ragan tells the story of the murder of her boyfriend by a coworker, and the spirit messages she receives from him after his death. She first few chapters cover details of the case and her initial struggle with grief; the later chapters are devoted to the messages she receives from him. The book reads more like a romance novel between a living person and a ghost more than a documentary, and at times became a bit redundant. A few of the signs that Lyn received I found very dubious, even for a person who believes in communication with the dead. It is however easy to read, and towards the end you won’t miss any important details even if you speed read through the book. If you’re looking for a light read in the form of a romance novel with a supernatural twist, you might find this book interesting.

"Wake Me Up! A True Love Story About Life After Death" is an absolute riveting read!! I couldn’t turn the pages fast enough to see what would come next! Lyn Ragan wrights in such an articulate and detailed way. You can feel the bond of love that Lyn and Chip shared, and always will. I highly recommend this book for anyone that has had a loved one transition to the other side. The story will help you in knowing that your loved ones are in fact around, and that love never dies. Personally, I

know that I will be buying this book to help out many of my family and friends, that have suffered from the loss of a loved one. Ragan’s moving story exceeds a life lesson. Words cannot describe the beauty behind and within the story. I am now left, anxiously awaiting her second book!

More importantly the story comes from an anybody like me or you that simply lost someone dear to them. Someone who is not a medium or gifted psychic or seer. She gives many examples of signs and messages that for those who believe it is just coincidence or that it just can’t be to start believing. For others like me who already believe and don’t believe in coincidence and that everything happens for a reason it is a conformation that even the subtlest signs can be related to significant meanings or messages from those on the other side by her own personal experiences. The best part for me is how exactly similar some of my same experiences have been.

I am glad i found this book. So much of her Life with Chip , was very much like my life with FiancÃƒÂ© , whom I lost suddenly January 2017. A lot of things they said to each other and did with each other , we did. I felt like this book was my fiancÃƒÂ© speaking to me from the other side ! Very comforting and I finished it in a day and 1/2. I am hopeful to have the dreams Lyn has someday!

If you are curious about the spiritual world and question the existence of the afterlife then this book for you. I couldn’t put it down then as I got closer to the end, was disappointed because I was almost finished reading this book. I loved it so much that I will be reading it again.

I thoroughly enjoyed this book. It was so well written. I was devastated when my mother passed after her battle with heart disease and lung cancer. My world was shattered. I vividly remember her first visit. My heart was racing, it felt so real, I was convinced my brothers had to have had the same dream. I was shocked and confused when they told me they did not. I began to question my sanity but then I got another visit in a dream. There was such an overwhelming feeling of peace as and again felt so real. My mom made me a believer just like Chip does in this book. Love does not die. I know my Mom is with me and I cherish all the little ways she finds to let me know she is near.If you question the afterlife, this book is such a wonderful tool to help you see the little ways our loved ones communicate with us.

I can see how hard this would be for someone who had not previously believed in life after death, mediums, intuition/channeling, et al "the paranormal" - but it’s all normal to me so her story was

revisiting some pretty basic stuff. Had I been unaware it would have been comforting and I would have rated it higher. I give it a 3 for me, a 4 for the 'newbie' reader wanting to learn about this.
