this book is all over the place No way ywithout some background in the language can you learn and enjoy learning using it. Out of ten in my class five dropped out due to the book

The exercises are taking exactly what the lessons are talking about. It is a good way to follow up with Alter Ego Level One.Merci!!

I bought this for an adult class at the Alliance FranÃƒÆ'Ã Â§ais (and saved money compared with their price!), but without the answers these exercises are useless. The answers appear to be available only in the teachers' manual. (So high school!)
