I seriously love these travel books. I own about 10 to different cities. Any time we take a trip, we buy one. I'll keep it simple...1. There are tons of pictures.2. There is a nice map.3. It fits in my back pocket (sticks out a little).4. It's glossy so it can get a little wet and be ok.5. It breaks things down in such a way that you can easily see the highlights in any city.6. I'll mention tons of pictures again because if you compare this to a Fodor's side by side you will see why you want this one.

Well written, but I felt it did not offer 10 sights I would want to see. There is so much to see in DC and it is may be worth finding your interests and go without buying this book. If you don't like to research and want a go-to guide that is planned for you, this may fit the bill.

This is is even more awesome than I thought it was going to be! It's a compact size and it has so much information and a lot of pictures which are really nice. It tells prices of activities and restaurants in the city, show you where the places are on a map. It has page full of things to do with the kids and things to do with nightlife. Everything you'd ever want about Memorials and it has maps of Smithsonian Museums, so you choose what you want to see then follow the map and go there! It has a portable map to. Also tells you the best shops and other sites just outside the city. It has Hotel choses at the very back of the book if your looking for one but It's only 2 pages so there is still a lot to see in this book. I totally recommend buying it!!!

Certainly, this book is interesting, full of photos and contains a lot of useful information. As a visual learner, I found this book to be straight to the point and clear to identify the best tourism spots on Washington DC. If you are planning to travel to Washington DC, this book is a must have guideline. I totally recommend this book!

I love DK guides.I bought this one when I first visited DC, and then I used it again when I moved into the city, for the first days. It's great!!

I liked this guide. We went through and tagged places we wanted to visit. It was a fun way to plan our trip before we go.

Great guide if you are interested in the most popular attractions. There are a number of different categories, making it easy for you to choose which attractions are most of interest to you.

Handy and well done.
