Was a great help for our trip.

this was a used book in great shape and at a great price. it arrived by the deadline given and was packaged well. I love getting library books and then going online to buy them when I have to return books I want to keep referencing.

This guide is one of the best! I bought it to help me steer my family around the city when they came to visit & I was really impressed. I thought I knew the city, but this guide is stuffed with all sorts of interesting tidbits about DC's history & it's neighborhoods & gives some good tips about tours & other attractions you don't usually think of when you think of Washington. (Who knew you could tour the fancy reception rooms on the top floor of the State Dept where Hillary entertains all the foreign big-wigs?) The guide also covers many of the sites outside Washington---Mt. Vernon & Arlington Cemetery, of course, but it also does a pretty good job on the nearby Civil War battlefields (Bull Run; Antietam; Gettysburg). It even covers Charlottesville & Jefferson's Monticello, plus Colonial

Williamsburg & Yorktown (where the battle ending the Revolutionary War was fought), the Blue Ridge and the Shenandoah, and the Atlantic Beaches. All of these are within easy striking distance of Washington. This guide is really well written, it has lots of great photographs and it covers everything you could possibly want to see. Why wouldn't you buy this book??
