Synopsis

Artworks for Elementary Teachers serves elementary education majors with little or no prior background in art. It provides introductory experiences both in knowing how to create art and how to respond to it. The four areas of study in discipline-based art education--aesthetics, art production, art criticism and art history--are covered thoroughly and include the latest in state and national standards.

Customer Reviews

Artworks for Elementary Teachers is an excellent text book. It is written as a resource for regular elementary classroom teachers to utilize to teach art in the regular classroom. It has a section of lesson plans that can be utilized for that purpose. The art starts are a good resource to use with those lessons.Teresa Reasor

I really like this book, it is very informative and has art starts with it. Basically the art starts are just masters of different art projects for students.

Is a good book for students who are wanting to integrate art into their curriculum.

This book is a very good source for future elementary school teachers. The Art Starts is also a helpful tool.

I use this book in my elementary art methods class. Artworks is appreciated by my students for having clear andconcise information. In addition, they enjoy the prints and lesson plans included.
