Customer Reviews

A great continuation of Umbrella Man, book 1!!How the Umbrella Man came to be, and how Anna became blind. This intriguing story, will keep you going all the way to the end!! So happy there will be a book 3!!!

Although called the Queen of Scream, her psychological thrillers are even better, I think. Here are characters from Umbrella Man (this can be a standalone, but better after the first) interacting in much different ways. This time, Anna has her hands full, with more family (and less, by the same amount). How she deals with her difficulties and her choices have much more depth. Just as I was screaming: a piece . . . Anna had a completely different solution. This is sorta a cliffhanger in that you want to know who, and what, but that’s for the next book. I hope this review intrigues you enough for you to read both of them. I’m sure when Anna figures out what’s going to happen next, Madame Rose will finish the story. Happy non-breathing reading!

Scared of the boogeyman? You should be. He’s in this book.This is the second book in a trilogy, and although it can be read on it’s own, the first book is just too good to miss out on.I loved this book because the reader gets to see the back story of the characters, and gain a greater understanding of them, all while taking a white-knuckled trip.Get a glimpse into another world (or should I say worlds?) as the characters travel during their sleep. Some people will realized that what they THOUGHT was a bad dream is all too real.

Okay now I know what the term "up all night" means. I only downloaded this book yesterday

afternoon and figured that I would get around to reading it, but something in my mind kept nagging at me to pick it up and read it. After I had read the first book and totally enjoyed it WELL let me tell you from the first paragraph I was hooked and I did stay up all night because I just had to finish it. It really did not matter even if I had gone to bed I would have been to frightened to sleep. Now I really know why she is known as the Queen of Scream, had I fallen asleep (which is impossible) I would have woken up in the middle of the night with Screams of my own. Do yourself a favor and get a copy of this Chiller.

Really interesting story of Anna and her travels. The umbrella man is a relentless and evil character. The book kept me engaged and interested in the characters and what happens to them. Nice unexpected twist made it interesting. Like this author. Happy reading.

I couldn’t finish this book. The language, particularly in dialogue, was stiff, stilted, at best pre-teen level. I disliked Anna’s parents so much--particularly her mother--that I’d have loved to pull them off the page and crumble them. So unrealistic in their refusal to accept the obvious. The plot--was there one? It moved too slowly to care. I’m sorry because I don’t normally give scathing reviews, but I’m tired of buying 4 Star books that turn out to be terrible. I might have liked this when I was 10-12, but to imagine how it can be equated to Dean Koontz is beyond comprehension. Give me Michael Connelly, Baldacchi, Rendel, Coben, Koontz any day. Not this.

I didnÃƒÂ¢Ã â ¬Ã â„¢t care a lot for the first book in this seriesÃƒÂ¢Ã â ¬Ã Â|but it was OK. I really enjoyed Blackbird Fly, thoughÃƒÂ¢Ã â ¬Ã Â|not quite as gory as Umbrella Man. This story was about how the Umbrella Man came to exist. ItÃƒÂ¢Ã â ¬Ã â„¢s kind of nice to have a book follow another book, that goes back to a time before that other book, and explains the circumstances. Sure makes it a lot easier to follow.

This is an intriguing story. I love Anna she is very loveable and cares for her family to a fault. I read this in less than a day, once I began I couldn’t put it down. Kind of worried where the next story is heading, can’t wait to find out if I am right.I recommend this book to readers who enjoy reading stories that won’t let you go till the end ! Excellent book !
