Synopsis

This third edition of the RCC's guide to the beautiful cruising coasts of Corsica, the Bouches de Bonifacio and Sardinia's island-studded north coast has been thoroughly updated and revised by John Marchment during 2013. Throughout there are changes to the plans and text and new photos have been included. Whilst there have been no major changes to harbours since the last edition, new marine reserves have been established. Full details are given of these and their associated regulation. Corsica and North Sardinia is the ideal guide for yachts and charterers visiting this special corner of the Mediterranean.

Customer Reviews

(+)Book has all details of ports with needed basically every chart you'll need for a trip around North Sardinia and Corsica.Good quality print.Shipping was very fast (to NYC).(-)No (or very little) information on mooring spots. But usually the yacht rental in the area will provide you with the details on mooring.Its not a tourist book and does not provide information on what to do at the various spotsA bit over priced.

There is only a description of the anchorages and facilities but no information about what to see in the anchorage. No rating about them. No description of it's worth anchoring there.
