Synopsis

National Geographic’s Classic political map of Europe features clearly defined international boundaries, thousands of place names, waterbodies, airports, major highways and roads, national parks, and much more. The tasteful color palette, shaded relief, and coastal bathymetry make this map as attractive as it is functional. The countries and major cities shown include: Albania, Armenia, Austria, Azerbaijan, Belarus, Belgium, Bosnia & Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Iceland, Ireland, Italy, Kosovo, Latvia, Liechtenstein, Lithuania, Luxembourg, Macedonia, Moldova, Montenegro, The Netherlands, Norway, Poland, Portugal, Romania, Russia, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine, and the United Kingdom.The map is packaged in a two inch diamater clear plastic tube. The tube has a decorative label showing a thumbnail of the map with dimensions and other pertinent information. Map Scale = 1:8,399,000Sheet Size = 30.5" x 23.75"

Book Information

Series: National Geographic Reference Map

Map: 1 pages

Customer Reviews

Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking.Today, National Geographic Maps continues this mission by creating the world’s best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.

I was looking for a laminated map and some of reviews mentioned this map was laminated, so I got one. However it is NOT a laminated map. The map itself seems great. it’s printed with high quality paper...but I want a laminated one. So A little bit disappointed

I wanted a large map of eastern/ central Europe that showed alot of city names because I am traveling alot in and around Germany. I ordered this with the map pins and they arrived very quickly to a APO address(less than 2weeks). However, about half the map is of Russia. The map comes as pictured and is in good condition. I think this is as good of map as i could have found anywhere so i wouldnt change my mind on my purchase but just be aware.

I needed a detailed map of Europe and this certainly provides the detail. However it is so packed with detail that it is sometimes difficult to find what I need. A very good, very detailed map.

Came packed in a tube. No issues.

A good map suitable for spreading out on the floor and studying. I’m writing a novel about Europe and I needed something on paper that I could fold up and carry with me from place to place. This was hard to find since most people appear to be using their phones these days to get directions. I’m very satisfied.

What you would expect from National Geographic, nothing but the best.I would still like the little north arrow on the maps, just for reference sake.

The map is beautiful and nicely laminated. The only complaint I would have is that it became "wrinkled" during the shipping process, and that shows even when it has been professionally framed. Maybe there is a better way to ship it.

While doing a studying a study of the Second World War in Europe, I found it helpful to have a map of Europe for easy reference. This map has the advantage of being flat, unlike the one in my World Atlas.
