Synopsis

Your First Bonsai - A Beginners Guide To Bonsai Growing, Bonsai Care and Understanding The BonsaiWould you like to know how to grow and care for a Bonsai tree?To many people, looking after a Bonsai is a mystery. I too started out as an inexperienced bonsai gardener many years ago and unfortunately, not many experts were around to help me with my first couple of growing experiences. LetÃ¢â ¬â„¢s just say they didn't turn out as planned!I have written this book to aid you to grow your first bonsai. It will help you through the process, even if you do not have much, or any, prior knowledge about these wonderful miniature trees. We will look at picking the correct bonsai for your first tree, how to create the perfect environment for your tree, how to feed and water your tree, the tools you will need to help you in growing your bonsai as well the important tasks of pruning and repotting. Luckily, I spent some time searching for resources and slowly but surely I learnt how to grow a bonsai. Not perfectly at first, but the more I learnt, the easier it got.This book is designed to help complete beginners on how to grow, care for, and ultimately understand the BonsaiHere's A Preview Of What's InsideAn Introduction To The BonsaiThe Easiest Type of Bonsai To Grow For BeginnersCreating The Perfect Bonsai EnvironmentFeeding your BonsaiWatering Your BonsaiPruning Your BonsaiBonsai Gardening ToolsRepotting Your BonsaiPests and DiseasesCommon Bonsai MistakesFurther Bonsai Resourcesand much more!Growing a bonsai is an incredible experience and a great source of relaxation. Customer Reviews

This is written well and it’s good for a person just getting into the bonsai world. The only downside of the book is alot of the same information can be found online. Also this book seems a little short, which might be good or bad.I don’t think you could go wrong with this book.

The book was much shorter than I expected, however, still good quality and useful.

I am really excited in the outcome of my first bonsai. I really love growing bonsai. This is one of thee reason I grab the book. This is one of my stress reliever and it is very fulfilling when you can grow one. Patience and perseverance are greatly required. Thanks to you Louise Harvey for sharing the guide. The common Bonsai Mistakes written on the book is a great help because many really are doing it. From beginning to end guide!

Sparse info, only 1 photo (of the author), author is in need of an editor (grammar as well as changing from 3rd person to 1st person in the same sentence), definitely not worth $12. The cover is nice though.

Good book very informative! My tree died though, but at least I knew why! Haha (not enough direct sunlight)

Very helpful, and written for real people. A keeper.

Well explained. Useful book for the beginners.

Nice and short and contained all the information I was looking for.
