Synopsis

Thirteen-year-old Anne Frank went into hiding from the Nazis with her family in 1942. Read the remarkable story of her life, death, and legacy. The 48-page Level 3 books, designed for children who can read on their own, contain more complex sentence structure and more detail. Young readers will devour these kid-friendly titles, which cover high-interest topics such as sharks, and the Bermuda Triangle, as well as classics like Aladdin. Information boxes highlight historical references, trivia, pronunciation, and other facts about words and names mentioned. Averaging 2,400 to 2,800 words, these books offer a 50/50 picture-to-text ratio. The Dorling Kindersley Readers combine an enticing visual layout with high-interest, easy-to-read stories to captivate and delight young bookworms who are just getting started. Written by leading children's authors and compiled in consultation with literacy experts, these engaging books build reader confidence along with a lifelong appreciation for nonfiction, classic stories, and biographies. There is a DK Reader to interest every child at every level, from preschool to grade 4.

Grade Level: 2 - 4

Customer Reviews

Lewis has written an account that implies a true respect for [children's'] intellect....As a teacher, I

would definitely use this book in my classroom. (Bookselling This Week)

I am taking my 8 year old granddaughter to Amsterdam and we will be visiting the Anne Frank House. I wanted to find a book that she could read and get an overview of Anne's life in hiding. The original transcript of Anne's diary is understandably not appropriate reading for an 8 year old. This book provided an overview of Anne's life that will make our visit to her hiding place more meaningful for my granddaughter. The frightening reality of the story is not compromised in this book and yet the information is presented in a way that is appropriate for the younger reader.

This book is an excellent way to introduce your 2-4th grader to one of the darkest periods in history. This book made my children really think and really change their ideas of what people went through.

Do not waste your money on the kindle version unless you can read it on some other device. I bought this book for a class assignment, but on the kindle, even by double tapping, the page does not even fill the screen making it extremely hard to read. For me, this was a total waste of money and a large disappointment with the kindle fire. It is a good thing all kindle books are not like this or it would be impossible to read them. As it was, this was very hard to read; should include a magnifying glass to enlarge the print. Maybe, after thinking about this a bit, this is a publisher problem, and if so, I doubt I will purchase anything from DK publishing ever again for the kindle.

This format is not suit to read on kindle. Pages don't fill up the whole screen and don't flip over. You can only read in horizontal position of you kindle. Don't have any of the future of ebook - can't look up words or make large font. Waste of money ! Better buy paper book

Excellent product! My students loved it!

This is a good way to read about Anne Frank without reading the entire diary. Most middle school girls will enjoy and benefit from the entire diary. The only part I don't like about this book are that it does not go in chronological order. I am using it to teach 5th and 6th graders.

Great reader about Anne Frank. Child appropriate information without going into too much of the gorey details. I read this with my daughter and she is very excited to visit Anne Franks house. We loved the real photos along with the drawings.

I have fond memories of reading about Anne Frank when I was in middle school so I got this for my 6 year old to give her a bit of understanding at a young age. Things that I had forgotten were covered in this book, it was well written and easy her her to understand and me to explain. Very impressed that they have these books for early readers.
